VOL. XXXI

SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CALIF., THURSDAY, OCTOBER 30, 1924

NO. 44

WESTERN LOAN, BUILDING COMPANY TO ESTABLISH OFFICES IN THIS CITY

Directorate Includes Many Local Businessmen; Money Is Made Available for Residential and Commercial Development; Capital Large

What is declared to be the greatest forward step yet taken in the development of South San Francisco operations is being initiated with the establishment of a local office of the Western Loan and Building Company of Salt Lake City, having an authorized capital of \$50,000,000.

The purpose of the local office for this territory is to bring into this city as much outside money as needed for the construction of business buildings and residences. There is practically no limit to the amount of money available for local buildings operations, it is said, and loans will be made on real estate first mortgages at interest rates to suit.

F. A. Cunningham has been selected to represent the company locally and all business will be transacted through his office. The local citizens who have made the company's activities possible are: I. H. Potter, Richard Stickle, H. R. Vlette, W. L. Hickey, F. J. Lautze, J. Nicolopoulos and V. Boido, L. J. Poulos, C. F. Schurek, Himeciani & Himeciani, A. C. Buchler, H. A. Cavassa, Santini & Rocucci, Edgar H. Lewis, G. Viani, F. Giffra, B. H. Truax, South City Lumber & Supply Company, by W. H. Dinning, Dr. J. C. McGovern, J. J. Jennings, Minuciani Baldini, A. Genovesi.

California has reached a point in development where its cities must expand rapidly, requiring vast amounts of money at once, so the organization comes at a most opportune time, local directors declare. Loans of any size from small ones to those large enough to erect even the largest business buildings will be available on proper security.

The Western Loan and Building Company is described as the largest and strongest of loan associations. It is a cooperative organization, first founded in 1891. The company operates in California, Oregon, Washington, Nevada, Wyoming, Idaho, Montana and Utah. For the past few years there has been keen need for the establishment of a building and loan agency here which would be able to supply money for building purposes in any quantity and at any time, and the advent of this concern here promises to mean much to the future home builders of South San Francisco, it is believed.

WADE'S BOSTON II AGAIN FORCED TO LAND IN S. S. F.

Some persons may confuse South San Francisco with San Francisco, but not Lieut. Leigh Wade, pilot of the Boston II round the world flight plane. Wade and his mechanic, Lieutenant Harold, know that South San Francisco when a heavy sedan, cannot modernly equipped, be sure, but a landing field at any rate.

Wade, who caused a great stir in this city a few weeks ago when he was forced to land here while en route to San Francisco, where thousands were waiting to greet him, found himself in the same predicament last Saturday morning.

The Boston II, in company with the Chicago and New Orleans, piloted by Lieutenants Smith and Nelson, respectively, was flying over this city about 10:45 Saturday morning when trouble was again experienced and a landing was forced. Wade turned his machine again to Friesley Field, where examination revealed stripped gears in the left distributing unit, as well as a couple of broken shafts.

The Chicago and New Orleans continued on after stopping long enough to hear what Wade would have to say before leaving. The latter was able to leave Friesley Field shortly after 6 o'clock, when repairs had been made on his motor.

Lieutenant Harold was heard to say to Wade, "I don't know whether I'm the jinx or whether this ship just refuses to pass up this town."

Several hundred persons were on the field within a few minutes after the huge ship had landed.

JOHN 'COOK' FRONT ANSWERS SUMMONS

John ("Cook") Front, well known in this city, where he had acted as cook in a number of families during the past 15 years, passed away at the county hospital on Saturday night at 6:30. Cook, as he was known here, had been suffering from cancer for the last year and he finally went to the community hospital where he was given attention until the end came.

His age was given as 54 years. He was born on the boundary line between Switzerland and Germany. Burial services were held Monday morning from the funeral parlors of S. Nieri. Interment was made in Holy Cross cemetery. So far as is known there are no survivors in this country.

John Front had been employed in past years in this city by Dr. J. C. McGovern, H. McGraw and C. C. Conrad and by Mrs. Tom Quinlan of Half Moon Bay. He had an intermittent career between these four houses in the capacity of cook and was widely known for his ability to prepare tasty foods.

JUDGE COLLECTS \$35 IN SHORT SESSION

Short shift was made of speed law cases by City Recorder E. E. Cunningham on Wednesday at the regular traffic session. All of the men ticketed during the week-end appeared and entered pleas of guilty to the charges.

W. Woodmansee and E. G. Getz, each of San Francisco and charged with cutting corners paid \$5 a piece. A. L. Firmer, of San Mateo and R. Ramsey, of Carmel, were both charged with speeding at 30 miles an hour and assessed \$10 for their hurry. A. Meyer, of San Francisco, also cut a corner and was fined \$5.

POSTOFFICE TO MOVE IN APRIL

New quarters are being sought by the postoffice, according to a notice posted in the present quarters on Linden avenue. Postmaster L. G. Hardy explains that the growth of the local postal system during the past year has made the present building was first occupied has been so great that practically twice the space is now needed.

The present floor space is 885 square feet. Specifications in the call for proposals for new quarters demand a space of approximately 2,000 square feet.

All proposals for a building to be rented to the government for the postoffice must be filed in the local office by November 23. Actual removal from the present site is not contemplated before April 1, 1925.

BIRTHDAY SURPRISE IS GIVEN JOSEPH F. LOPEZ

The Lopez home on upper Grand avenue was the scene of a merry party on Saturday evening, when friends of Joseph F. Lopez gathered to surprise him on his 60th birthday. Many friends and relatives enjoyed an evening of dancing and games. Refreshments were served at a late hour. On Sunday morning Mrs. Lopez gave a barbecue in her husband's honor in which about 50 persons were present.

RUNS RUSTY NAIL INTO LEFT FOOT

C. Wallace of Fifth addition, San Bruno, was treated at the South San Francisco Hospital on Wednesday last for an injury to his left foot incurred while at work at the E. H. Edwards Wire Works. A rusty nail ran through the sole of his shoe and pierced his foot, inflicting a painful injury.

S. S. F. DAY AT INDUSTRIES SHOW IS WELL ATTENDED

More Than 350 South San Franciscans Visit Auditorium Exhibits

More than 350 persons of this city visited the California Industries Exposition in the Civic Auditorium, San Francisco, on Monday afternoon and evening to aid in the observance of South San Francisco Day.

Free tickets to the show were distributed at both banks on Saturday and Monday morning and the demand for them far exceeded the supply. Of principal interest to visitors from here were the exhibits by the local factories and realtors.

Virden Packing Company and the South San Francisco booth, built and paid for by the South San Francisco Land and Improvement Company, E. C. Peck and the chamber of commerce, received an unusual amount of attention because of the character of their displays and their fine position in front of the auditorium stage.

Western Meat Company and Fontana Food Products Company displays also excited lots of favorable comment.

In addition to the regular entertainment features, J. G. Walker, local tenor soloist, who recently returned from Los Angeles, where he sang at the opening of the Eastern Star convocation, sang two solos, which were well received. Robert Reed played his accompaniment on the piano.

The Industries Exposition will close on Saturday night after a very successful run of more than two weeks. Persons who have attended previous shows declare this year's exhibition outclasses all that have been held before.

LOCAL HUNTERS ALMOST DROWNED IN BAY STORM

Rumors that four South San Francisco duck hunters were drowned during the storms of Tuesday morning were proved to be untrue when it was discovered they had been removed from a perilous position in a duck blind by Joe Hart, of Millbrae, in a launch.

The duck shooters were Angelo Vincenzini, of the Columbia and Radio Meat Markets, Police Officer Vincent Bianchini, Louis Gianchini, barber on lower Grand avenue, and Joe Martinelli of Millbrae. They were forced to abandon their row boat when the storm broke and sought refuge in a duck blind.

A call was sent to San Francisco and a police boat was dispatched to search the bay for the bodies of two men believed to have been drowned. The police launch stopped here and picked up Lawrence Nieri who acted as pilot during the search which continued for three hours. A captured skiff was all that was discovered. It is not known whether two unidentified men, reported to have been seen in the skiff before it capsized, were drowned or not.

Geared-Up Ford Will Be Used to Catch Speeders

More power was the thing Chief of Police Louis Belloni sought in the purchase of an automobile with which to catch traffic law violators. So, he bought a Ford and has had it geared up to a point where, he claims, it will travel 60 miles an hour.

The chief brought out the new "flivver" this week. He is to have a siren placed on it within the next few weeks, so that the unruly motorist may know who trails him.

JUNIOR LEAGUE HOLDS HALLOWEEN PARTY

The Junior League of our city Methodist church held a successful and delightful halloween party in the social hall of the church last Friday night. About forty children were present besides a number of parents. The room was artistically decorated with characters and fastions in keeping with the halloween idea. Games, stories and a generous supply of delicious refreshments, made an evening of full delight. Mrs. D. W. Duncan, who has been for many years the efficient superintendent, was a guest of honor. Mabel Johnson has the work now and is starting well in her good work.

S. F. REALTORS TO VISIT HERE NOVEMBER 13

Thursday, November 13, is the day this city will entertain the San Francisco Real Estate Board.

The invitation issued jointly by the Board of City Trustees, the Manufacturers' Association and the Chamber of Commerce has been accepted by the San Francisco realtors and they have designated Thursday, November 13, as the day most convenient for them to visit here in a body.

The program for the day as tentatively arranged includes: inspection of the factory, business and residential districts; the viewing of construction of the Eastside Highway; serving of a box luncheon at noon. Arrangements are in the hands of a committee of nine members, appointed by the trustees, of which B. H. Truax is chairman.

GIRL KILLED; 5 INJURED AS CAR UPSETS

A Sunday automobile outing was turned into a tragedy when a heavy sedan, carrying six young San Franciscans, turned over near San Bruno, killing Miss Mildred Petersen of 128 Second avenue, and injuring five other persons. They were: Forrest Ames, 2019 Pacific avenue; Dorothy Leary, 606 Sixteenth avenue; Grace Negladdery, 229 Eleventh avenue; L. R. Jackson, 282 Tenth avenue.

George Ellis, a soldier in the Twenty-second infantry, stationed at Fort Mason.

Dr. P. H. Smith of San Bruno treated the injured victims for cuts and bruises.

The party had turned down from the Skyline boulevard into the Crystal Springs road and were coming rapidly down hill when their car struck an irregularity in the road and turned over. Miss Petersen, who was sitting beside Ames, driver and owner of the machine, was dead when the others extricated themselves from the overturned sedan.

All members of the party belonged to the Christian Endeavor Society of St. John's Presbyterian Church of San Francisco.

NEW TEACHER IS ADDED TO NIGHT SCHOOL FACULTY

An unexpected growth in the night school of the South San Francisco High School has forced an expansion of the faculty, according to G. C. Peck, in charge of the commercial department.

Miss Louise Pedrett, now assisting in the commercial department in the day school, took over the classes in beginning and intermediate typewriting and shorthand last Tuesday evening. Weller will hereafter teach bookkeeping and accounting only. There are now 25 pupils in the evening commercial classes. In years past eight or ten pupils was considered a banner enrollment, according to Weller.

The enrollment in the entire night school is approximately 85, a greater number than ever before. The principal classes are in beginning, intermediate and advanced English and are taught by H. G. Holt, R. E. Reed, and the principal, G. J. Roney, respectively.

F. M. Hunter teaches mechanical drawing, architectural drawing and machine drafting. The school operates on Tuesday and Thursday nights.

PARTIES PLANNED FOR HALLOWEEN

Several Halloween parties are being planned for this week-end.

Miss Dorothy Truax is preparing to entertain a number of friends in her home on Friday evening.

Little Miss Jeanette Terrace of San Francisco will have a party in the home of her aunt, Mrs. E. C. Peck, on Saturday afternoon. Ten little girl friends have been invited.

Jack Peck will entertain fourteen of his friends at a Halloween party and dance in the home of his parents on Saturday evening.

GOODCELL TALKS AT REPUBLICAN STREET MEETING

Largest Rally of Campaign Is Held on Friday Evening

Approximately 200 persons heard Rex B. Goodcell analyze the general election situation at the largest rally held in this city during the present campaign, on last Friday evening, under the auspices of the Coolidge for President Club. The meeting was preceded by an automobile parade through the principal streets of the city in which more than 60 machines took part. The South San Francisco Band furnished music for the entourage during its trip around the city.

Goodcell, who is connected with the internal revenue department in Los Angeles, proved to be well educated in the present political situation and was equally adept in putting his ideas over. He held his 200 hearers through the greater part of an hour despite the chilliness of the evening.

F. A. Cunningham, president of the local Coolidge for President Club, acted as chairman of the evening.

NEW METHODIST CHURCH TO COST ABOUT \$33,000

At a business meeting of the official members of St. Paul's M. E. Church presided over by Dr. Carl M. Warner, held last week, it was decided to build the church as planned by architects, Wythe, Blaine and Olson as per plans recently submitted to a number of contractors and as per sketch recently displayed in the office of Fred Cunningham.

Since that meeting the gifts to be furnished by the Centenary have been confirmed and the way now seems clear to let the contract to Mr. Lawrence of Oakland as per his bid of a little over \$33,000. As soon as the parties to all contracts can get together and final papers are signed, the long deferred building will proceed.

The church will be built on the corner of Spruce and Miller avenues.

SPEAKERS TELL WORKINGMEN OF CAMPAIGN ISSUES

Issues of the present presidential campaign were outlined to workingmen in three of the local plants on Monday by Rex Goodcell of Los Angeles and J. J. McMahon of San Francisco.

McMahon, a union man, with a card in the Order of Railway Conductors, talked to the Metal and Thermite Corporation employees at 12:30. He outlined the Coolidge-for-President campaign from the point of view of the workingman, stressing the effect protective tariff has on industries and sketching the probable happenings if congress were to be made stronger as one of the candidates advocated.

Goodcell talked to 300 employees of the Western Meat Company at 12:30 and his address there was characterized as the best of three he has delivered in this city. Presenting his appearance at Western Meat he talked to the Virden employees.

Both speakers are here on the invitation of the local Coolidge-for-President Club.

STORK BRINGS BABY GIRLS TO LEGIONNAIRES

Two storks, or perhaps it was only one big stork, brought additions to the families of two members of Bernard McCaffrey Post No. 85, American Legion, this week. Instead of young legionnaires, however, the old bird brought a young lady to each house.

The first arrival was on Sunday, when a baby girl was born to Mr. and Mrs. Dean J. Covert in Palo Alto. Covert is manager of the Enterprise, and has been active in legion work here. The young lady has been named Nancy Elizabeth.

On Monday evening Commander and Mrs. Al J. Welte welcomed Evelyn May Welte into the family circle at St. Francis Hospital in San Francisco.

It is understood that both young ladies have already filed applications for membership in the Woman's Auxiliary of the American Legion.

Boys Rescued From Bay Raft By Duck Hunters

A timely rescue of two thoroughly frightened boys afloat on a log raft in the bay was effected by Dave Ratto, cashier of the Bank of South San Francisco, and Fred Grandon on Sunday, while they were trying to shoot ducks on the bay off this city.

The boys, Jack Emerson, 16, and Bill Garrison, 15, who live near Masonic avenue and Haight street in San Francisco, apparently were seeking adventure on Sunday. They traveled to Tanforan, and then wandered across the marshes where they found two logs nailed together, floating in the water. Boarding the skittish craft they proceeded to sail until they realized they were quite far from shore and without means of propelling their raft back. Then they became frightened.

Ratto, piloting the Pastime Gun Club's launch for the first time heard the cries of the lads as he was making his way to the Western Meat Company dock, and picked them up, bringing them to shore.

They had been afloat seven hours and were very cold and hungry they told their rescuers. It is understood among members of the Pastime Gun Club that Ratto lectured them thoroughly for their carelessness, gave them carfare and sent them home.

Members of the Pastime Club had less to say about the Sunday shooting than about the rescue made by the pilot and his helper. It is understood that Ratto, in addition to bagging two much alive but thoroughly frightened boys, brought in the limit of "Roman-nosed" mallards. Twelve ducks, including canvasbacks and broadbills, were counted among the party also.

The other members of the club are E. Fourcans, Louis and Lawrence Nieri.

COUNTY SCOUT HEADQUARTERS ARE ESTABLISHED

San Mateo county headquarters of San Francisco District Council, Boy Scouts of America, have been established in the office of District Commissioner Frank H. Thrall, Home Builders' Exchange, 1215 Broadway, Burlingame, and Assistant Scout Executive William R. Spohn can be found there from 3 until 5 o'clock every Monday, Wednesday and Friday afternoons to organize new troops, stimulate public interest in the existing ones, and attend to such other matters as may be brought to his attention. The telephone number is Burlingame 657.

This arrangement was effected by Commissioner Thrall, who desired to have San Mateo's Scout offices enabled to handle more efficiently the San Francisco headquarters and save the expenditure of money and time necessitated by going there. Scoutmasters and their assistants who have problems to solve can find Mr. Spohn's counsel available at the time and place aforementioned.

There are about 500 boys enrolled as scouts in San Mateo county. They are divided into 16 troops, of which San Mateo city and Hillsborough jointly have three, San Bruno, Burlingame, North Burlingame, Lomita Park, San Carlos, Redwood City, Menlo Park, Rummeyden, Pescadero, Half Moon Bay, Colma and Daly City having one each.

Plans are now under way to hold a Scout Jamboree some Saturday in January at San Mateo, in which all scouts in the county will be urged to participate. The tentative program includes a morning parade, headed by the San Francisco Scouts' Band, scout exercises and games in the afternoon, and an evening indoor entertainment. Boys remaining over Sunday will attend church.

COURT REFUSES BATTERY WARRANT IN SAN BRUNO CASE

Contrary to reports originally brought to the press, G. H. Helmore, San Bruno newspaper publisher, did not ask for a warrant in the local court against Mr. and Mrs. J. Cunningham, on charges of battery.

Helmore did seek such a warrant against J. H. Galleher, San Bruno school trustee, as the outgrowth of the recent bond election in that city. Judge Farrell refused to grant it because Helmore was unable to show sufficient cause. The hearing on the application for a warrant was held in the justice court last Thursday.

Both Helmore and Galleher appeared in court and told their stories of the affair upon which the former hoped to secure a warrant charging the latter with assault and battery.

Mr. and Mrs. J. H. Cunningham were not mentioned in the bill sought by Helmore.

PENINSULANS TO RAISE HIGHWAY BOOST FUND; PLEDGE CAMPAIGN AID

Federated Chambers of Commerce Support Proposed State Program of Road Building

Support through financial aid, as well as by moral influence in the campaign of the eleven bay counties to have the highway construction program outlined by the state highway commission adopted by the state legislature was assured Tuesday night by the Peninsula Chambers of Commerce, Federated, meeting in the Palo Alto City Hall, when a motion was passed to appropriate \$1,500 toward the expenses of the campaign. C. D. Marx, chairman of the highways committee of the federation, was appointed chairman of the committee on collection of the money, which is to be prorated among the member organizations.

This action was taken after talks urging necessity for a strong, united campaign to secure the highways desired, including the proposed Bay Shore road down the peninsula, were made by Harvey M. Toy, chairman of the state highway commission, and T. P. Andrews, secretary of the Down Town Association of San Francisco.

Big Attendance

The meeting Tuesday night was attended by 58 representatives of the member organizations. Communities represented were San Francisco, South San Francisco, San Bruno, Burlingame, Three Cities (San Mateo, Burlingame and Hillsborough), San Carlos, Redwood City, Ravenswood, Menlo Park, Palo Alto, Mayfield, Mountain View, San Jose and Sunnyvale.

Reports were made by committees on water supply, transportation, highway beautification and hotels. Several additions were voted to the by-laws of the federation. The organization also endorsed the campaign of the Citizens and Veterans' Protective League to abolish bootlegging on the peninsula, with special reference to the vicinity of the Veterans' Hospital.

In urging that the peninsula back with unity and determination the program of highway development proposed by the state highway commission, Chairman Toy said:

"The plan for highway building as presented has been carefully thought out. It is designed to bring our highway system up to the times. It is necessary if we are to continue our growth and progress in proportion to our possibilities. But let me warn you, that unless you people on the peninsula get solidly behind this program and fight for it, you will not get your roads."

"Must Sell the Committee"

Mr. Toy stated that there is opposition to the road program presented. Southern Californians, who have all the roads they need, he said, are opposed to having the state take over any more highways. "Because Southern California has so many automobiles and we proposed to raise part of the highway construction fund through license fees and gasoline taxes, Southern California does not want to be taxed for this program," he said. "Furthermore," he continued, "the committee of nine which will make recommendations to the legislature regarding a road building program has (Continued on page 8)

M'SWENEY ACTS AS OFFICIAL AT DEMOCRAT RALLY

Daniel McSweeney, city clerk, acted as one of the honorary vice-presidents at the Democratic political meeting in Scottish Rite Auditorium in San Francisco last Wednesday evening, which was addressed by the Hon. Josephus Daniels, secretary of the navy in the administrations of the late President Woodrow Wilson.

The large auditorium was fairly well filled by staunch Democrats, who, with no great gains to be hoped for in this state in the general election, are still carrying on for the party. The Hon. James D. Phelan acted as chairman of the assembly.

Daniels discussed all phases of the situation, analyzing both the La Follette and Coolidge campaigns, as well as that of Davis, the Democratic standard-bearer.

PENINSULA COUNTRY CLUB ATTRACTING LOCAL PEOPLE

Several local people are interesting themselves in the Peninsula Country Club which is to be built this winter near Redwood City and adjoining the Menlo Park Country Club property. The new club, which is designed to furnish outdoor recreation for persons of the modest means, is backed by San Francisco capital and experts in the laying out of golf courses and the installation of tennis courts have been secured to build the project.

The property of the club includes approximately 150 acres of rolling land, well watered and with a clubhouse already on the site. An 18-hole golf course for men, a nine-hole course for women, players and tennis courts are part of the plan. David Findlay, who has designed several courses in the East, will be in charge of the new peninsula club.

Invitations have been issued to several persons here to join the new club. The entrance fee of \$250 is considerably lower than other clubs in the bay region.

J. A. ("Bud") Eble of this city has been appointed on the membership committee of the club.

STEEL WORKER HAS FINGERS SMASHED

Albert Burt, living at the Armour Hotel and employed by the Pacific Sheet Steel Works, had five fingers crushed in an accident early this week. Burt works in the warehouse. He was treated at the South San Francisco Hospital.

COOLIDGE URGES LIBERAL BUYING OF FORGET-ME-NOTS

WASHINGTON, Oct. 30.—Paying high tribute to the work of the Disabled American Veterans in assisting in solving the problem of the war's maimed, President Coolidge has written there should be a liberal public response to the D. A. V. appeal in the annual Forget-Me-Not Day observance on Saturday, November 8.

The president declared he was "deeply conscious that the care of the war's disabled is a sacred national duty," but thinks the D. A. V. has "rendered valuable aid to those in authority."

The letter, addressed to Frank J. Irwin of New York, warrier of the Distinguished Service Cross for bravery, and national commander of the D. A. V., follows:

"With the approach of the annual Forget-Me-Not Day observance in November, I desire to record my sincere hope that there will be a broad and liberal response to your public appeal.

"I am deeply conscious that the care of the war's disabled is a sacred national duty, and in endeavoring to solve this extensive problem, your organization has rendered valuable aid to those in authority. By maintaining in each of the fourteen district offices of the Veterans' Bureau a liaison officer to act as attorney for the men, it has been especially useful to your comrades. In other directions, its services are frequently of great value, as in supporting desirable legislative measures, and in connection with emergency relief and to those whose cases are in progress of adjudication."

HEAR THE ELECTION RETURNS BY RADIO AT THE ENTERPRISE

Election returns will be received over radio by The Enterprise on Tuesday evening, November 4, at its office at 219 Linden avenue. Arrangements are now under way to obtain a radio receiving set and loud speaker so that all persons interested in the election may hear the returns as they are broadcast from KPO in San Francisco. Harry A. Cavassa, of the Peninsula Drug Co., has offered the use of one of his Radiolas and a magnavox loud speaker for the benefit of the public on that occasion.

SMITH TO BATTLE MIN MINNICK AT SAN MATEO

South San Francisco Lightweight Picks Tough Opponent for Workout

They are picking them tougher for Goosy. The South San Francisco lightweight who was shaded in his last start by Benny Berris is matched with Min Minnick in the next San Mateo boxing show, slated for Thursday evening. Minnick is one of the cleverest scrappers the San Mateo promoter has ever billed. His performances have always been pleasing in the past. He will enjoy an edge on Smith in the matter of experience, but Goosy's southpaw style of milling and his long left hand body tips get the best of them.

The bout is scheduled as the semi-windup, but it should be the main event in view of the fact that Billy Alger, who is to meet Solly Kronick in the last scrap of the night, is billed to box a mug at the Association Club in San Francisco on Tuesday evening, just two days before the San Mateo card. Young Dudley tried the same stunt two shows ago and but for the kindness of the referee would have lost the decision. Two battles in three nights is too much for the toughest mug.

Angelo Pappas, the Redwood City Greek, who has never been knocked off his pins, meets Eddie Foley in a return engagement. They battled a draw the last time and Foley almost made a monkey of Pappas before the thing ended. Young Logan, South San Francisco light heavyweight, who disposed of "Battling" Lane in a punch two weeks ago, is matched with Harry Dederman, who has fought a draw with Jack Atelli. Logan should have more of a battle on his hands this time.

The balance of the card is as follows: "Bull" Whalen, the Colma Clown, and Kid Robinson, North Beach. Jimmy Barry vs. Young Spider Roadie. Arizona Simmons vs. Young De Joseph.

DODGE BROS. WILL RUN TRUCK PLANT

Announcement was made this week by Dodge Brothers that Graham Brothers, heretofore builders of truck units and later of complete trucks employing Dodge Brothers power plants and other standard Dodge Brothers parts will hereafter be operated as a division of Dodge Brothers. The organization and identity of Graham Brothers is to remain intact. This move is a logical development of the two concerns that have been operating with implied affiliation for some time. Recent announcement of a new one-ton truck, serves to increase the scope of the business and lends increasing importance to the change of status.

Viriden Packing Co. News

A. Armstrong has been transferred to the San Francisco branch. H. Holcomb has filled the vacancy in the live stock department left by A. Armstrong.

Frank Fischer and a party of friends were duck hunting over the weekend. They returned with seven ducks.

Phillip Gallagher is again driving a truck at the plant.

Waiting results of the election, a wager has been made by two employees of the Viriden Packing Company, namely: Mr. Price and Mr. McWern, both employed in the boiled ham department. The parties above named have both agreed to the said conditions. Mr. Price agrees to take Mr. McWern as a passenger on a wheelbarrow from the Viriden plant to the Southern Pacific depot if Senator La Follette is elected next president. Mr. McWern agrees to take Mr. Price as a passenger on a wheelbarrow from the Viriden Packing Company plant to the Southern Pacific depot if President Coolidge is re-elected. Start will be made at 4:40 p. m., November 5. John Dorsey, starter. C. Curtis, judge. John Tacchi, timekeeper.

WESTERN MEAT NEWS NOTES

A. J. Welte, foreman of the smoked meat department, is being congratulated on the fact that he is the proud father of a baby girl. Mother and babe are doing well at the St. Francis Hospital in San Francisco.

J. E. Gratia of Swift & Co., North Portland, is making his annual trip of inspection at the plant. Herman Radatz, sausage room foreman, has purchased two fine looking specimens of German police dogs. Herman feels proud of his new acquisitions.

Caesar Lenconi, recently with the San Joaquin Valley Meat Company, visited the plant Monday of this week. Caesar Lenconi was formerly in charge of the sausage department.

The expert pedro players who frequent the club rooms during lunch hour have formed a pedro association. It is understood that John Flink has been expelled from this group until he learns the elementary principals of the game.

F. A. Blake, canteen manager, has had his general good humor slightly impaired during the past two weeks, owing to a bad case of la grippe, which he doesn't understand.

Among the advertised attractions at a charity dance in London was "the demonstration of the hunch, a new American dance."

A lawn tennis match was recently played on a dance floor at a benefit in London.

MOTORISTS SCORED FOR WRONG USE OF SIGNALS

Bulletin Calls Attention to Accidents Traced to This Cause

SACRAMENTO, Oct. 30.—California motorists are scored for their carelessness in giving arm signals while driving and their lack of knowledge of the proper signals in a bulletin issued to traffic officers today by Will H. March, chief of the division of motor vehicles. March blames this alleged carelessness for a large percentage of accidents at intersections and crossings.

The bulletin summarizes the requirements of section 130 of the motor vehicle act with reference to arm and hand signals as follows:

To turn left—Hand and arm horizontal or straight out on left of vehicle.

To turn right—Hand and arm upward on left side.

To stop or slow down—Hand and arm downward on left side.

The bulletin adds:

"These rules are simple but there are lots of people in California who either through carelessness or ignorance are failing to observe them."

"Many give the wrong signal, thereby confusing those behind them who know the rules. But this is not as bad as giving no signal at all. Hundreds of drivers turn corners without giving the slightest indication as to which way they intend going."

"The division has had numerous reports of serious accidents resulting from this condition. Traffic officers will see to it that the rules are obeyed."

"These accidents furnish another example of the need of a law in California compelling drivers to submit to an examination of their fitness to handle a car thereby forcing them to learn what any child could learn in fifteen minutes."

ALPINE DAM ROAD OPENED TO TRAVEL

With the opening of the Alpine Dam road, which has been closed during the past six weeks, travel over this route between Fairfax and Bolinas, in Marin county, may again be resumed, according to the touring bureau of the California State Automobile Association. The road is reported to be in a very fair condition.

The opening of this road makes it possible for motorists to turn to the right at Manzanita and use the newly widened and graded road along Stinson beach to Bolinas, returning via the Alpine dam to Fairfax, according to the automobile association. From Fairfax motorists may use the main highway via Corte Madera back to Sausalito.

Slot machines whereby guests may hear a radio concert by listening to a quarter, have been installed on a Long Beach, N. Y., hotel.

One New Yorker has a twenty-room house, a garden and also a lake large enough for boating on top of an apartment house.

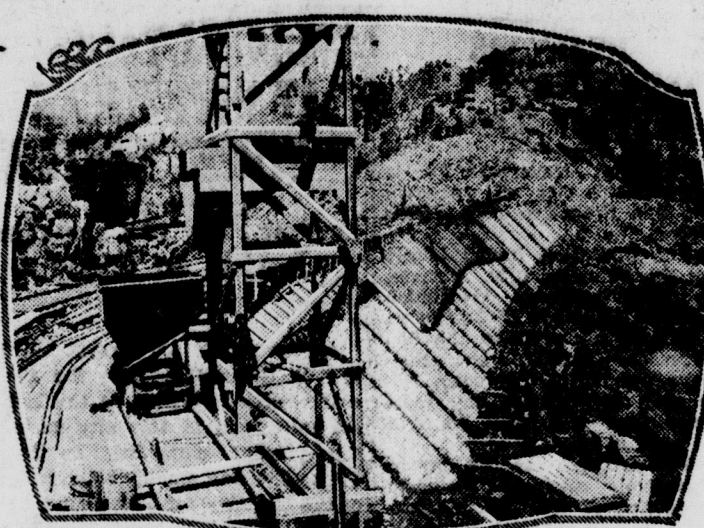

Hair cannot be beautiful unless it is soft and luxuriant. To make it healthy and vigorous use Lucky Tiger Hair Remedy. Try a bottle from your barber or druggist.

Lake Fordyce Dam, Nevada County, being raised 47 feet. The Pacific Gas and Electric Company is doubling the lake capacity—providing more water for power generation and irrigation. This dam was originally built in 1873—has been raised three times. The original was rock filled and constructed by hand without the use of modern machinery.

IRRIGATION AND POWER DEVELOPMENT
New afterbay dam, 110 feet high, near the Drum Power House. Will conserve water and regulate its flow into the irrigation ditches for Placer County's fertile hills and valleys.

"California leads the world in the per capita consumption of electric energy, according to the latest statistics compiled. There are 916 kilowatt hours consumed per year by each person in the state. These figures are based upon the kilowatt hour sales for 1923, and the population as estimated by the United States Bureau of Census.

Other interesting facts regarding California are that the state's hydro-electric output was 15 per cent greater than New York's and 21.2 per cent of the total hydro-electric output of the United States. California alone produces practically the same percentage of the total hydro-electric output of the United States as do the great industrial states of New York, Pennsylvania and New Jersey combined.

"California ranks first in the United States in the production of electricity by water power and third in total production.

"Approximately 94 per cent of the families in California are supplied with electric energy.

"California also ranks first in the electrification of rural territory."

To meet the ever growing demand for energy, the Pacific Gas

WEEKLY REVIEW OF INDUSTRIES IN CALIFORNIA

Sacramento—California Packing Corporation to build \$3,000,000 packing plant.

San Francisco—Forderer Corner Works to build \$75,000 addition to plant.

San Diego—Contract let for construction of \$1,000,000 high school building.

Vallejo—Redmen lay cornerstone for new \$90,000 home.

Bakersfield—Kern county gins 4,460 bales of cotton this season.

San Francisco—Southern Pacific Company to start operation of new Sunset Limited between this city and New Orleans, beginning November 1.

Los Angeles—Contracts let for improving 24 streets as part of \$50,000,000 street development program.

San Francisco—Cornerstone laid for \$2,000,000 Medico-Dental building.

Most manufacturing plants identified with building industry in California working at capacity, according to statement of United States employment service.

Los Angeles—Bonds totaling \$1,000,000 sold for construction of Beverly boulevard.

Stockton—Board of directors of Banta-Carbena Irrigation district let contracts totaling \$127,840 for pump and motor equipment.

Los Angeles—Motion picture industry to spend \$137,000,000 next year in and about this city.

Lakeport—California Telephone & Light Company to improve building.

Los Angeles—Thirteen-story garage building to be erected at cost of \$1,500,000.

Grizzly Flat—Barbara Mining Company to resume operations at Rocky Bar mine; 150 tons of new machinery to be installed and 50 men employed.

Burlingame—Work started on construction of another big business block.

Stockton—California Navigation & Improvement Company negotiating for block of land on Banner Island; establishment of large shipyard planned.

San Francisco—Plans prepared for \$1,000,000 warehouse and office building.

Vallejo—Construction of new city hall to be under way by January 1, 1925.

San Francisco—Emporium to build 10-story addition.

QUAIL, RABBIT SEASONS OPEN FRIDAY, NOV. 1

Nimrods, already busy trying to bag ducks, will have two additional kinds of game to shoot at beginning Saturday, when, according to the fish and game laws of California, cottontail and brush rabbits and quail come into season.

Quail, which could be shot in District 1½ since October 15, will be hunted in all districts beginning November 1. The limit on valley and desert quail is 15 per day or 30 per week and on mountain quail 10 per day and 20 per week.

The limit on cottontail and brush rabbits is 15 per day, 30 per week. Local hunters report the duck shooting better than the last weekend.

Canvasbacks and broadbills have appeared on the local marshes and several were brought down over Saturday and Sunday. At Maxwell the shooting is considerably better, according to members of the Limit Gun Club of this city.

The Wall Street Journal states the General Motors Corporation paid the railroads over fifty-five million dollars last year. The Chevrolet Motor Company of California paid the Southern Pacific Company over three million dollars in 1923.

As the result of high wind all Scotland was completely cut off from telephonic communication with London for an entire night last September.

Every fourth new car (including all models) purchased in the city of Oakland since January, 1923 (20 months), has been a Chevrolet. During that period, according to Motor Registration News:

CLUB SEDAN IS POPULAR WITH PENINSULA MEN

The advent of the low-priced utility closed car has combined the advantages of the suburban home with real pleasurable transportation.

Ed. Nolan, Maxwell distributor, reports a number of sales to business men who reside at various points along the peninsula. These cars are in daily service as a means of transportation to and from San Francisco.

"The trip up the peninsula must necessarily be made in good time," says Nolan, "and the advantage of this type of car is readily seen. The class of buyers who formerly maintained large cars for ordinary use have adopted the closed car of the Maxwell size because of the readiness with which it can be handled in traffic and because of its 'parkability,' a factor that is becoming a real problem."

"The all-around utility of the Maxwell club sedan has endeared it to its many owners. A car that comfortably accommodates five passengers, combines the space needed for the commercial man's samples for luggage that can be converted into a comfortable sleeping compartment and comes closest to fulfilling the things desired of a modern motor car."

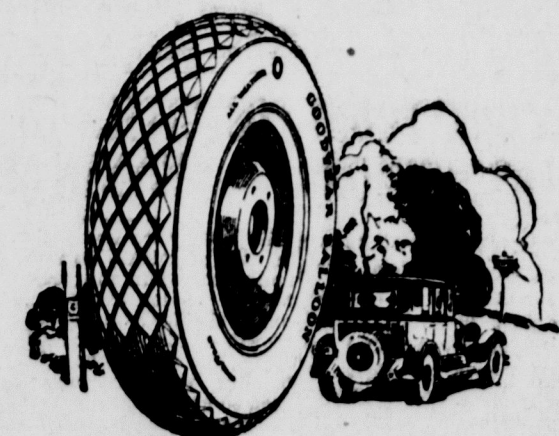

YOU CAN DRIVE IT ALL DAY WITHOUT FATIGUE

What the group of Maxwell-Chrysler engineers responsible for the good Maxwell of today have accomplished is just this—They have raised four-cylinder motoring to a plane of fineness and comfort heretofore assumed to be impossible in a car of this type.

COLONIA ITALIANA

With English Translation

EDITED BY ENRICO ROSETTI

ANOTHER NOTEWORTHY FACT

Not only do South San Franciscans receive excellent pay for their labors in the 18 factories here, but they save a goodly portion of their earnings.

On deposit in savings accounts in the two local banks, according to the last published statements, there is an aggregate sum of \$1,281,311.13. The total number of depositors is given as 2,771. Thus, the per capita saving is approximately \$469.61.

The last official census, taken in 1920, gave the local population as 4,400. It is estimated that there are now 5,500 persons in the city. Going on that basis, it is apparent that 2,771 depositors are almost one-half of the population, or practically every head of the family has been able to save some money.

Another favorable comparison is possible from the report of the state banking department of California, recently issued, which shows that there is \$1,230,734,950.43 on deposit in 509 savings banks in the names of 2,306,533 depositors. The per capita saving, then, is \$533.59. These figures include savings deposits of some of the largest banks in the state.

Thus, South San Francisco compares very favorably with the state as a whole, in the matter of thrift. When 2,771 persons can save \$1,281,311.13 it is evident that South San Francisco is one of the finest places in the state for the thrifty, forward-looking person to locate in. While it is impossible to compare the savings deposits of this city with those of other municipalities in this region, it is believed by local bankers that South San Francisco far outranks any of its neighbors on the peninsula outside of San Francisco.

It is estimated that 40 per cent of the men employed in local plants live elsewhere than in South San Francisco. On that basis their savings, if banked locally, would raise savings deposits to well over two million dollars. Encourage these persons to live in this city and to put their money to work here.

Each savings account is an aid to the promotion and progress of this city. More savings deposits mean the banks have more money to make loans on new homes and added residences mean a greater South San Francisco.

NU' ALTRO FATTO NOTEVOLE

Oltre il ricevere eccellenti paghe nelle 18 fattorie, i South San Franciscani risparmiano una buona porzione dei loro guadagni.

Confermando quanto fu ultimamente pubblicato nei bollettini finanziari delle due banche locali, la somma aggregata depositata all'interesse e di \$1,281,311.13 e il numero totale dei depositanti di 2,771 dando così una media per capita di \$469.61.

Dall'ultimo censimento ufficiale dell'anno 1920 risulta che la popolazione locale è di 4,400. Però è stato fissato che attualmente vi sono 5,500 persone viventi in questa città. Basandosi su queste cifre, è apparente che i 2,771 depositanti formano quasi la metà della popolazione e che, praticamente, ogni capo di famiglia è stato capace di risparmiare un po' di moneta.

Un'altro favorevole confronto è possibile pigliando dai rapporti del dipartimento statale delle banche della California recentemente pubblicato e nel quale è detto che vi sono \$1,230,734,950.43 depositati nelle 509 banche al nome di 2,306,533 depositanti.

Il per capita di risparmio in questo caso è di \$533.59. In queste cifre sono inclusi i depositi a risparmio di parecchie delle più grandi banche della stato.

In questo caso, South San Francisco emerge molto favorevolmente in materia di prosperità paragonandola con tutto lo stato della California. Quando 2,771 persone possono risparmiare la bella somma di \$1,281,311.13 è evidente che South San Francisco è uno dei migliori posti dello stato per la persona avveduta che vuol stabilirsi e prosperare.

Mentre è impossibile fare un confronto dei depositi a risparmio di questa città con le altre municipalità di questa regione, i banchieri locali, credono che South San Francisco sorpassa di gran lunga qualunque delle sue città vicine nella penisola, ad eccezione di San Francisco.

E' pure calcolato che il 40 per cento dei lavoratori impiegati nelle fabbriche di South San Francisco vivono altrove. Se i loro guadagni fossero messi nelle banche locali, rialzerebbero i depositi a risparmio a più di due milioni di dollari. Incoraggiare queste persone ad abitare in questa città e mettere la loro moneta in circolazione qui dove la guadagnano.

Ogni account a risparmio è un aiuto a promuovere il progresso di questa città. Altri depositi procurerebbero alle banche altri fondi da impiegare per fabbricare nuove case. E l'erezione di altre residenze significa una più grande South San Francisco.

WORLD FLIERS LAND HERE AGAIN

Lieutenant Leigh Wade, flying the Boston 11, the round the world flight plane which was forced to land here a few weeks ago by battery trouble was again forced down here on Saturday morning while he was en route to Los Angeles.

The three round the world planes passed over the city from San Francisco shortly after 10

o'clock. Not so many persons were on the lookout for the ships as they were on the first entry into San Francisco. Wade again left the squadron and landed on Friesley Field, on San Bruno road, where examination revealed stripped gears and broken shafts in his engine. His two companions continued on to Los Angeles but Wade did not get his big ship away until about 6 o'clock.

GLI AVIATORI DEL GIRO DEL MONDO ATTERRANO QUI' UN'ALTRA VOLTA

Il luogotenente Leigh Wade, aviatore del Boston 11 dello squadrone del giro del mondo che alcune settimane fa fu costretto atterrare qui' per un guasto alle batterie elettriche, sabato mattina, mentre era di passaggio diretto per Los Angeles dovette fermarsi qui una seconda volta.

I tre aeroplani del giro del mondo provenienti da San Francisco, passarono su questa città pochi minuti prima delle ore 10. In questa occasione, l'aspettativa degli aeroplani, non fu tanto grande come lo fu l'altra volta quando fecero la loro prima entrata in San Francisco.

Lasciando lo squadrone, Wade atterrò ancora nel Friesley Field sulla San Bruno road, dove in seguito a un accurato esame si riscontrò la rottura di un albero del motore.

I suoi due compagni proseguirono per Los Angeles; mentre lui non poté guidare il suo grosso aeroplano per le vie dell'aria, non prima delle ore 6 p. m.

MANY VISIT INDUSTRIAL SHOW

Many South San Franciscans visited the California Industries Exposition in the Civic Auditorium San Francisco on Monday. The occasion was South San Francisco Day and free tickets were distributed to 350 persons by both local banks on Monday morning. South San Francisco is well represented in the exposition. Virden Packing Company, Western Meat Company, Pontana Food Products have fine exhibits of their products and the South San Francisco booth, built by the South San Francisco Land & Investment Company, E. C. Peck and the Chamber of Commerce is also attracting lots of notice. The show closes on Saturday night.

ALL' ESPOSIZIONE INDUSTRIALE

Lunedì, molti South San Franciscani visitarono l'Esposizione delle Industrie della California al Civico Auditorium di San Francisco. L'occasione fu il giorno di South San Francisco e le due banche locali distribuirono biglietti d'entrata libera a 350 persone.

South San Francisco è molto ben rappresentata all'esposizione. La Western Meat Company, la Pontana Food Products, hanno bellissime esibizioni dei loro prodotti e la sezione di South San Francisco prepara il suo stand. South San Francisco Land & Investment Company, da E. C. Peck e dalla Camera di Commercio sta attirando l'attenzione generale del pubblico visitatore.

L'esposizione si chiuderà sabato notte.

NEW TEACHERS ADDED TO NIGHT SCHOOL STAFF

A new teacher has been added to the staff of the night school. Miss Louise Pedrett of the commercial department of the day school, will take over the classes in beginning and intermediate typewriting and shorthand now taught by G. C. Weller, head of the department. Weller will teach the bookkeeping and accounting classes only. There are now 25 persons enrolled in commercial courses.

The night school attendance is greater this year than ever before. Practically 85 persons are attending Tuesday and Thursday night classes. English classes for foreign-speaking persons are the most popular. They are taught by H. G. Holt, R. E. Reed and Principal G. J. Roney. P. M. Hunter teaches classes in mechanical, architectural drawing and machine drafting.

NUOVA MAESTRA PER LA SCUOLA SERALE

Una nuova maestra è stata aggiunta al corpo degli insegnanti Louise Pedrett, del dipartimento commerciale della scuola diurna avrà le classi dei principianti e degli intermedi della dattilografia e stenografia, attualmente insegnate da G. C. Weller, capo del suddetto dipartimento. Weller insegnerà solamente nelle classi della contabilità e ragioneria. Nei corsi commerciali vi sono attualmente iscritte 25 persone.

L'attenzione alla scuola serale è più grande quest'anno che in tutte le altre annate. Praticamente vi sono 85 persone che attendono alle classi serali del martedì e giovedì. Le classi d'inglese per gli stranieri sono le più popolari, e le lezioni sono impartite da H. J. Holt, R. E. Reed, e dal direttore G. J. Roney. P. M. Hunter insegna alle classi di meccanica e disegno architettonico.

DUCK HUNTERS RESCUE BOYS FROM BAY RAFT

Dave Ratto and Fred Grandonno rescued two thoroughly frightened youngsters from a perilous position on a small raft in the bay Sunday evening as they were returning

from a duck hunt in the launch of Pastime Club.

The lads, Jack Emerson, 16, and Bill Garrison, 15, living at Masonic avenue and Haight street, San Francisco, climbed on the raft they found near shore to go for a sail. They found they could not propel it and drifted for seven hours before they were rescued by Ratto and Grandonno. They were hungry and cold and so thoroughly frightened they made promises to their rescuers never to venture on the waters in such a craft again. They were landed at the Western Meat wharf and sent home on the street car.

CACCIATORE D'ANTRE CHE SALVANO DUE RAGAZZI DA UNA ZATTERA SPERDUTA SULLA BAI

Dave Ratto e Fred Grandonno, domenicamente dalla caccia delle anitre sulla baia nel motoscafo del "Pastime Club" dovettero correre in soccorso a due giovanetti che affranti dalla paura li trovarono in una perigliosa posizione sopra una zattera galleggiante sulla baia.

I due ragazzi, di nome, Jack Emerson di 16 anni e Bill Garrison di 15 abitanti rispettivamente in Masonic avenue e Haight street, San Francisco, salirono sulla zattera che trovarono lungo la riva e si spinsero verso il largo. Non trascorsero tanto tempo quando i due, s'accorsero che non potevano più ritornare alla riva e dovettero galleggiare per sette ore prima che venissero scoperti e salvati da Ratto e Grandonno. Essi erano così tanto affamati, intrinizzati dal freddo e spaventati che promisero ai loro salvatori che mai più s'azzarderebbero ad avventurarsi sulle acque in quella maniera.

Essi furono sbarcati all'imbarcadere del Western Meat e mandati a casa sul carro elettrico.

POSTOFFICE TO MOVE NEXT APRIL

South San Francisco's postoffice will be forced to move to new quarters on April 1, 1925, according to Postmaster L. G. Hardy, because the present rooms are too small.

A notice has been posted in the present postoffice asking for proposals to furnish new quarters which must contain at least 2,000 square feet of floor space. The present office has 855 square feet.

L'UFFICIO POSTALE CAMBIERA QUARTIERE IN APRILE

Essendo che i locali attualmente occupati dall'ufficio postale di South San Francisco, sono troppo piccoli, il direttore L. G. Hardy ha annunciato che è forzato a mu-

overs in nuovi quartieri per il 1 d'aprile, 1925.

Un avviso al pubblico è esposto nell'ufficio postale chiedente offerte e proposte per un nuovo quartiere il quale non deve aver meno di 2,000 piedi quadrati di pavimento. Il presente ufficio è solamente di 855 piedi quadrati.

QUAIL, RABBIT SEASONS OPEN SATURDAY

Quail and rabbit seasons open Saturday, according to the fish and game laws of the state. The bag limit on valley and desert quail is 15 per day, 20 per week. On mountain quail 10 per day, 20 per week. The limit on cottontail and brush rabbits is 15 per day, 20 per week. Local duck hunters report better shooting over the last week-end. Both at Maxwell, where the Limit Gun Club of this city operates, and on the bay, where the Pastime Club has its hunting grounds, more ducks were reported killed than in any previous period since the opening of the season.

STAGIONE DELLE QUAGLIE E DEI CONIGLI

In accordance with the laws of the state, the quail and rabbit seasons are opened Saturday, October 31, 1924. The limit on valley and desert quail is 15 per day, 20 per week. On mountain quail 10 per day, 20 per week. The limit on cottontail and brush rabbits is 15 per day, 20 per week.

I limiti di caccia per la valle e deserti e di 15 quaglie per giorno e 20 per settimana e sulle montagne 10 per giorno e 20 per settimana. Il limite per i conigli dei cespugli e dei cosiddetti "cottontail" è di 15 per giorno e 20 per settimana. I cacciatori di anitre di South San Francisco hanno avuto una buona cacciagione durante la fine della settimana scorsa.

I due club locali, il Limit Gun Club il quale ha piantato le sue tende a Maxwell ed il Pastime Club che ha la sua zona di caccia qui' sulla baia, hanno annunciato di aver ucciso più anitre dal tempo che in qualunque altro precedente periodo.

Mr. and Mrs. C. Ferrero, Mr. and Mrs. C. Ricossa and Mrs. James Walker of San Francisco were guests of Mr. and Mrs. E. Rossetti last Thursday.

Il sig. Corrado Ferrero con la sua signora Eugenia, il sig. e signora C. Ricossa e la signora J. Walker, di San Francisco, giovedì scorso furono in città a far visita ai coniugi Rossetti.

Paraguay is prosperous, following production of trade in Paraguayan cotton, and many public improvements are being planned.

Circus press agents were first known in this country in 1797 in connection with exploitation of the first elephant shown here.

LESSON NO. 2

THE PROPER USE OF LIGHT HOW WE SEE

Objects are seen by the light that falls upon them and is reflected to our eyes. A dark object reflects but little of the light that falls upon it—perhaps less than one-fourth; a light colored object reflects a large part of the light—perhaps three-quarters.

If we are to see objects, the light must fall upon them and be reflected from them. The more darkly they are colored, the more light is needed to enable us to see them. The light that falls on objects which we wish to see may be termed useful light. Most electric lamp bulbs when used without shades or reflectors throw out light in all directions—just as much to the ceiling and walls of a room as down to the table top. Well designed shades are made so that they not only soften the light, but also reflect some light that would otherwise be wasted and direct it downward and outward to the objects that we wish to see.

GLOOM

Proper lighting requires two things: First, that there be enough light so that the eye can see quickly and easily; and second, that this light be shaded and so placed in the room that the eye is not strained by glare. Many homes have soft, shaded light that is too dim for good vision; others have enough light but harmful glare is a part of it; too few homes have plenty of light without glare, which is necessary for proper lighting and the protection of eyesight.

The eye is truly a wonderful organ. Because it does not always immediately complain, we often make it work under great difficulty, and strain it.

Have you ever stopped reading because of a feeling of discomfort? You have a headache without any reason for it that you can think of, or your eyes feel tired, or you find that you cannot fix your attention on your book or paper. You may find later that these are signs you were straining your eyes.

We can see under a dim light, but we can see more easily and more quickly if we have more light. When we live day after day with too little light, we are likely to find that our eyesight is affected, and that we may need glasses. Then we know we have strained

our eyes until they cannot do their work without help.

DECORATE WITH LIGHT

Up to this point we have thought of lighting only as it helps us to see easily—in other words as it is useful. Of course, this is very important in every room in the home, and everywhere else. But when we light our home, we want the lighting to make each room pleasant and attractive, and our lighting, except for the work rooms (the kitchen, the laundry, the basement and attic), should be as much of a decoration or ornament as the pictures and rugs and curtains.

Lighting equipment may be ornamental and decorative, and at the same time it can be made in such a way that it will properly light the room. Much of the lighting equipment in use today can be greatly improved by using shades that are longer, so that the bulb is completely hidden from the eye and denser, so that no extremely bright spot appears in the center of them.

A FEW CAUTIONS

Here are a few cautions that will help you protect your eyes:

Don't judge the amount of light in a room by the brightness of the bare, unshaded bulbs. That is the indication of glare.

Don't expose your eyes to unshaded lights. That may cause eye-strain.

Don't read while facing a bright light or a sunny window. Have the light come from beside you or over your shoulder.

Don't use bright lights against a dark background.

Don't try to read in a dim light that tires your eyes.

Don't let your lighting equipment get dirty. Clean it regularly. Dust and dirt may cause you to lose as much as one-half or even three-fifths of the light that the bulbs produce and that you are paying for.

Don't depend on taking out light bulbs to connect appliances and portable lamps. Have convenience outlets put in for this purpose.

Don't be indifferent to the preservation of your eyesight.

SUICIDE'S FATHER FOLLOWS GIRL TO DEATH

F. R. Chambers, Jr., Takes Own Life in New Chapter of Burlingame Tragedy

REDWOOD CITY, Oct. 30.—Derelict son of a New York multimillionaire, victim of a crazy quilt life of mingled luxury and tragedy, Frank Ross Chambers, Jr., of Burlingame, last Friday joined his 17-year-old daughter, the late Marilouise Chambers, in a suicide's grave.

Brooding over the tragic death of his beautiful young daughter, who died by her own hand two weeks ago as the result of a flaming jealousy for her father's second wife, a girl 19, superinduced by addiction to the use of drugs, Chambers wrote the final chapter in the peninsula tragedy when he fired a bullet into his brain in the apartment at 418 Grand boulevard, Burlingame, where his daughter had resided.

Chambers, likewise, was an addict to veronal, the form of drug which had dragged down his own daughter.

The suicide of the New York millionaire's son, long a "mystery man," was San Mateo and Burlingame residents, came a few hours after Chambers had paid a final visit to the grave of his daughter in Cypress Lawn Cemetery.

It was enacted as a photograph in the room played "Honeymoon Chimes," and in the presence of James Fosse, a Burns operative who has been the constant companion and body guard of Chambers since the suicide of Marilouise.

Whipping out his revolver with such speed that Fosse was given no opportunity to interfere, Chambers fired one shot into his brain, falling to the floor dead.

Ten days ago, according to Fosse, the man had sent his pretty 19-year-old bride, Mrs. Beatrice Chambers, of whom Marilouise had been insanely jealous, to Los Angeles, stating his intention to divorce her, not because he did not love her, but because it had been his daughter's jealousy over her which had led to the girl's taking her life.

Chambers had apparently seated himself at a typewriter in the Grand boulevard apartment with the intention of writing a farewell note, according to Fosse, just before his suicide. Fosse, entering the room after returning from a trip down town, saw Chambers seated at the typewriter, but the latter quickly pulled the sheet of paper from the machine, tore it up and threw it into a waste basket.

A moment later Chambers put on

Noted Author Freed of Blame In Accident

REDWOOD CITY, Oct. 30.—Motion for non-suit insofar as Stewart Edward White, noted California author, is concerned, in the action for \$10,105 damages brought jointly against White and Joseph Gagliasso, an employee of the former, by Morris Reed of Hillsborough, as the result of an automobile accident in April of this year, was granted by Superior Judge George H. Buck here yesterday at the opening of the trial.

The court ruled that the noted author, while owner of the automobile driven by Gagliasso at the time of the accident, was blameless in the crash.

Testimony in the action affecting Gagliasso was then heard by the court and the case taken under submission by Judge Buck shortly before the noon hour.

Gagliasso, it is charged, operating one of Stewart Edward White's machines, ran into Reed while the latter was repairing a tire on his automobile at the side of the highway near Belmont on April 13, this year. Reed declares he was completely off the highway at the time, and the negligent and reckless driving of Gagliasso was responsible for the accident. Reed contends he was permanently disabled as a result of injuries he incurred.

BUS MIRED IN MUD FOLLOWING BELMONT CRASH

While attempting to cross the highway in her automobile at O'Neil avenue, Belmont, Tuesday, Mrs. Donald Alford narrowly escaped injury when her car was wrecked in a collision with a Peninsula Rapid Transit bus. The bus skidded off to the side of the highway into the mud and was mired there for several hours.

The phonograph record, told Fosse it reminded him of the early days of his second romance, and then pulled the gun out and killed himself.

Chambers attended Cornell University and was graduated with honor, according to the Rev. Frederick K. Howard of Berkeley, his pastor. He formerly resided in Duluth, Minn., and as an electrical engineer associated with hydroelectric projects moved to Olympia, Wash., where he built a plant which won him praise. Later he resided at Portland, Ore., where Marilouise was born in 1907.

THE BALLOT PROPOSITIONS

Here is a Summary of Their Provisions, With Recommendations for Voting

For the benefit of voters who have not the time to "dig out" the points and significance of the 18 legislative propositions appearing on next Tuesday's ballot, and in response to requests of a number of readers, we offer a summarization below of the different propositions, with this paper's recommendations for voting:

No. 1. State Taxation of Highway Transportation Companies—Provides a tax of 4 per cent a year on gross operating receipts of jitney busses, motor stages and similar carriers "in lieu of all other taxes," thereby releasing them from the state automobile registration fee, state weight tax on passenger busses and trucks, state taxes on franchises and municipal licenses. **Vote No.**

No. 2. Salaries and Expense of Legislature—Provides higher pay (\$2,400 for two-year term) for state legislators, with extra pay for special sessions as now, and reduces mileage allowance from 10 to 5 cents. The sum proposed is none too high. **Vote Yes.**

No. 3. Deposit of Public Monies—Extends to all political subdivisions not already enjoying the privilege the right to deposit idle funds in banks. **Vote Yes.**

No. 4. Inferior Courts—Allows justice courts to try cases of "forcible detainer" in which rental value does not exceed \$75 a month; present limit for justice courts is \$25 a month. The measure would relieve congestion in the superior courts. **Vote Yes.**

No. 5. Transfer of Funds—Empowers city or county treasurers to make temporary transfers of funds of political subdivisions. But confusion and other difficulties are foreseen in application of this measure since the treasurer does not know the amount of taxes accruing to one subdivision or the amount of contemplated disbursements of the subdivision drawn on. This measure would also, it has been pointed out, endanger the veterans' welfare legislation already passed in the state. **Vote No.**

No. 6. Personal Property Taxes—Does away with present system of rebates and collection of deficiencies on personal property taxes, making the payment of the tax a conclusive transaction, saving labor and expense. **Vote Yes.**

No. 7. Boxing and Wrestling Contests—This measure not only legalizes 12-bout prize fights, but provides the machinery for encouraging and promoting the mercenary sport in California. An athletic commission with autocratic powers for management of the fights is created to work without salary, but is allowed an unlimited expense account. A provision that the state home for war veterans shall benefit by the proceeds is designed to capitalize patriotic sentiment for the enrichment of the prize fight promoters. The veterans are already provided for otherwise. **Vote No.**

No. 8. County Officers—Makes possible appointment of additional deputies in a county office in case the need develops after the election of such officer. Public business is handicapped by a present law preventing such appointments. **Vote Yes.**

No. 9. Taxation—Under the present law stocks, bonds, mortgages and similar securities on real property outside the state held by residents of the state are taxable at full value. As a result holders are taxed in some instances the entire amount of money earned by such securities. This amendment proposes an easier tax which is expected to result in greater aggregate return to the state as well as in a reduction of the burden to the individual holders, as experience in other states has shown that many persons fail to acquire legal residence in California in order to escape the present tax, and many who are residents fail to list all their securities. **Vote Yes.**

No. 10. State Taxation—Exempts county co-operative fire insurance companies from state taxation. The burden of supervision of such companies still would rest, however, on the state insurance commission. As such companies are not fully protected by capital, reserves and distribution of risks, it is questionable if the state should encourage their organization. **Vote No.**

No. 11. Klamath River Fish and Game District—Creates a state fish and game district of certain river areas, thereby prohibiting construction or maintenance of any dam or other artificial obstruction, in order to save for the whole state a playground and an important propagating salmon seedbed from which the state collects salmon eggs for stocking other streams. **Vote Yes.**

No. 12. Municipal Courts—Permits establishment of municipal courts as courts of

record in cities of more than 40,000 population, so as to relieve congestion of superior courts in case of need. **Vote Yes.**

No. 13. Poll Taxes—Imposes annual poll tax of \$5 for school fund on every male inhabitant between 21 and 50 years, with specified exceptions, who is not paying already at least \$5 a year in property taxes. We believe that every beneficiary of the protection and privileges bought by public money should be a contributor to the treasury. **Vote Yes.**

No. 14. Bonds—Extends to public utility districts the right to issue bonds "free and exempt from taxation" which is allowed to other political subdivisions. Believing that the theory of tax exemption of securities is wrong, we believe a move should be made in the opposite direction, instead of adding another mistake to the present list. **Vote No.**

No. 15. Tax Exemption—Exempts from taxation property of certain value used exclusively as air-ports or aviation fields under the control of the United States government. The argument given under No. 14 applies here too. Under the present law all property owned by the federal government is exempt from taxation. But this proposed exemption would be permitted on income-bearing property leased by the government from a private party. **Vote No.**

No. 16. Water and Power—Creates a board, appointed by the governor and subject to recall, authorized to develop and distribute water and electric energy, and authorize issuance of bonds not exceeding \$500,000,000 for the purpose, requiring board to bonds in 50 years. We oppose, with rare exceptions, the idea of public ownership of industries. This chances to be such a rare exception. The water should be one of the elemental possessions of the people. It is claimed for this bill that "its passage will, under the cheapest possible method of financing, enable the state to store the waters, thus insuring against floods and drought, and to develop as a by-product enormous hydro-electric power at minimum cost, guaranteeing greatly reduced rates to consumers." **Vote Yes.**

No. 17. Eminent Domain—Makes amends for an error in present law by a provision enabling the state railroad commission to exercise the right of eminent domain in behalf of irrigation districts as well as for all other political subdivisions. **Vote Yes.**

No. 18. Suffrage—Enables any registered voter having changed his residence from one precinct to another in the same county within 30 days of an election to vote in the precinct from which he had moved. As the law now stands he would lose his vote. **Vote Yes.**

POTENTIAL CHAMPIONS

Local High Gridsters Have Won Three Straight Games and Are on the Road to the Championship of Their Division

Athletics are conducted at the high school without arousing a great deal of attention from the rank and file of the people. Under expert coaching the high school pupil is learning means of healthy recreation and teamwork, and is deriving the benefits from hard competition with neighboring schools.

In past years South San Francisco High School has not ranked very high in the football standings on the peninsula. This year it is different. For the first time in its history the school has a team that has won three consecutive games. Further, that team has a chance to win the peninsula championship in Class B.

A little encouragement from the townspeople in the way of attendance at the games may go a long way toward bringing the local school its first gridiron championship.

Start aiding the team by going to the game here against Los Gatos tomorrow afternoon.

There is an apparent tendency on the part of the authorities to class purchasers with sellers in prohibition enforcement matters. The general idea has been that the seller only is the bootlegger. As there would be no sellers if there weren't any buyers, it is being held that the designation, "bootlegger," should apply to those at both ends of the transaction. If such an idea was rigidly lived up to it would be likely to make a considerable difference in violations of the Volstead act.—Oakland Tribune.

We have some 26,000 citizens of Kern county registered, and so qualified to vote in the November election. Probably that is 5,000 or 6,000 short of an enrollment of the men and women who are entitled to vote. It is too late now to swell the registration, but it is not too late to create a sentiment that will result in a full vote based upon the recorded registration.—Bakersfield Californian.

BASKETBALL

Bot the 110 and 120-pound has ketball teams lost to those of San Jose, last Friday, to the tune of 18-6 and 20-5, respectively.

From the scores, it looks as though our teams were badly outclassed. The Friday previous these same teams played Santa Clara, the 110's winning with a score something like 18-10 and again the 120's were outclassed, the score being 14-6. The lineup of the 110-pound team is: Center, B. Fisher; forwards, J. Curt and H. Moniz; guards, L. Fisher and D. McNally; and substitutes, C. Raudabaugh and L. Johnson.

One of the players of the 110's said that the reasons they lost to San Jose are: No teamwork and no practice. He also said that every time the team went down to the court to practice, that is, the girls had it. The 120's lineup is as follows: Center, A. Luty; forwards, P. Nolan and C. Gadin; guards, P. Barbagelata and M. Enderline.

The captain of the football team wishes to thank each and every one of the South San Franciscans who attended the football game last Friday and encouraged the team on to a 14-6 victory over Mountain View. Let us all come to the William Warren game, which will be played Saturday, November 8, at the high school gridiron. This game will decide who shall play San Mateo as champions of the B division of the Peninsula Athletic League.

Let's get behind the team and put South San Francisco on the map.

PLAY LOS GATOS TOMORROW

Tomorrow the football team plays Los Gatos. We figure to win this game and have good reasons to. We beat Jefferson 50-0; Jefferson beat Los Gatos 6-0; therefore we should beat Los Gatos 56-0. That's one way to figure it. Here's another—we beat Mountain View 14-6, and Mountain View beat Los Gatos 28-0. It sounds good for us, doesn't it? But—well, the game will tell. It is scheduled at Los Gatos, and because of this there will be few rooters for South San Francisco, but let's give the team a sendoff that they won't forget, to make up for it. Remember these boys are fighting for our school and it's no more than our share to yell ourselves hoarse for them. Let's go.

SOUTH CITY HOCKEY GIRLS

The South City hockey team accepted the small end of a score of 2-1 when they played San Mateo last Friday.

Probably the girls could not concentrate, as there was a football game on at the same time. However, Miss Northrop, San Mateo coach, claimed that she had never seen a game before in which such good sportsmanship was displayed. It was a very fast game, nevertheless, and the "ref's" had a hard time keeping out of the way of the girls.

Our girls play Redwood City tomorrow and expect to make a much better showing than they did with San Mateo.

POLICE COURT REPORT

The last two weeks have been banner weeks for the school court. It seems that there is something in the air that has not agreed with the students.

There have been six students brought up for second offense. So far there have been no serious punishments, but if the students persist in breaking the rules of law and order they will have to be dealt with more severely.

"CRIP" WALLACE ON THE ROAD TO RECOVERY

Another of our star grid men have been claimed by hospital row. "Crip" Wallace, our star half, had the misfortune to fracture the arch of his foot during one game with Mountain View last Friday. All of which means that "Crip" will be unable to play for the rest of the season. His team will be felt greatly in the backfield, as there is hardly a man on the team that can fill his place with the required amount of skill.

According to the doctor's orders, "Crip" will be unable to play and his orders are backed up with a pair of crutches, so as Mr. Holt says, "So much for that."

Harold Davis, end, has been shifted to halfback position and that has left a weak end. "Skinny" McGraw is trying to fill Davis' boots as end and is showing plenty of skill during this week's practice.

STUDENT SELF-GOVERNMENT AT HIGH SCHOOL

Did you ever stand about a gang of workmen upon a large building and watch their actions as they went about their work, plodding to and fro, some listlessly, some idling in the corners? Little did they appreciate the fact that they were creators of an edifice that would stand as a monument to their achievements. This same spirit prevails in the

student body of our high school today.

There are the same idlers in the corners, those who refuse to do their work diligently. Those who break the rules of order when the "boss" is not around.

The pupils do not appreciate the new form of government that has been introduced in our school. It is an exact replica of civic government. The high school is a community in itself. It offers training for the responsibilities that come to the student after he leaves the high school and becomes a member of his community.

Of course we cannot expect too much of the new system of student self-government, as it has just been newly installed and there are many points that need attention before the smooth routine of well organized societies will be acquired.

Nevertheless the pupils as a whole do not give the student body officers the backing they should. Instead of making a joke of the thing, they should get in and dig and get behind their officers for the benefit of themselves as well as the whole school.

It is a thing to be proud of that we have a self-governing student body in our high school, and it is something to work for and improve upon.

Take as a motto: "Achieve the honorable," and apply it to our every-day school life and watch the immediate results of co-operation.

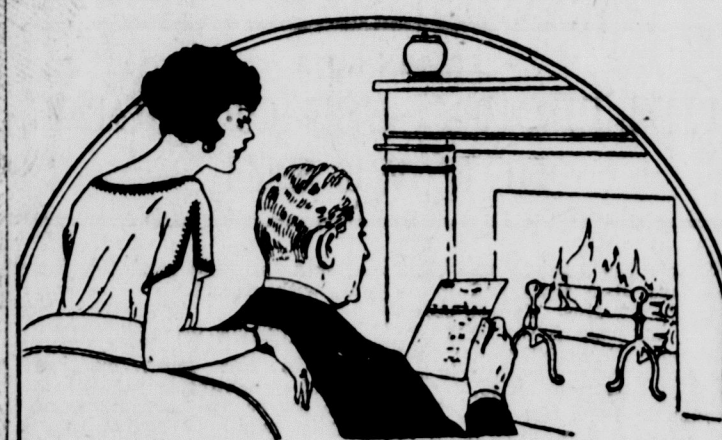

HIGH SCHOOL TO BROADCAST RESULTS OF ELECTION

Next Tuesday, November 4, those interested in the results of the coming presidential election may get them at the high school auditorium.

Through the courtesy of the Ether Wave Club it has been arranged for the returns to be broadcasted between the hours of 8 and 11 o'clock in the evening. The Ether Wave Club also broadcasted the speech of President Coolidge not long ago and proved quite a success as a factor in getting the speech to the public.

JOKE?

After listening to many answers of absent, not here, not present and numerous other unnecessary answers to the roll call in English last week, Miss Maple informed the class that

Paint Insurance

SOMETHING new in insurance? No—only the common-sense policy taken out by the wise home owner to protect his property. It is the bill for Bass-Hueter Paint used; he calls it the life insurance on his house.

You should use Bass-Hueter Pure Prepared Paint on your property because it most successfully withstands climatic conditions peculiar to the West. While providing protection from the elements for years, this dependable paint will also add to the beauty of your home

HIGH GRIDDERS BEAT MOUNTAIN VIEW, 14 TO 6

Local Eleven Wins Third Straight Victory; Now in Line for Title

Coach Hunter's football team showed enough power here last Friday afternoon to defeat the plucky Mountain View football team in a hard battle by the score of 14 to 6. This makes the third straight victory for the local team and they are certainly in line for the championship of the small section P. A. L.

Mountain View started off with a rush scoring in the first few minutes of play. After the first five minutes the local boys got going and completely out-played their opponents in every department of the game.

South San Francisco's team held remarkably well against the heavier opponents, practically stopping Mountain View in their tracks.

Over-anxiety caused our boys to fumble on a play near their opponent's one-yard line. The ball was recovered by Mountain View not to be deprived of a score. Kingsland, South San Francisco's left tackle, broke through on the next play and blocked a Mountain View punt recovering the ball giving South San Francisco their first touchdown. Davis drop-kicked for the extra punt putting our boys in the lead 7 to 6.

Mountain View never threatened to score the second half. The local team gained consistently and it was not long until Dotson, South San Francisco's "floss" dived over for the second and last touchdown of the day. The team again converted, making the score 14 to 6, which ended the game.

Wallace, a plucky backfield man, was removed from the game with a broken bone in his foot, which will mean a blow to our team. However, the boys are determined to win all the rest of the games and are willing to put forth their best for victory.

A steering device that will also act as a brake for children's sleds has been invented.

Madrid recently held an exhibition of sporting goods of all kinds with the exception of automobiles.

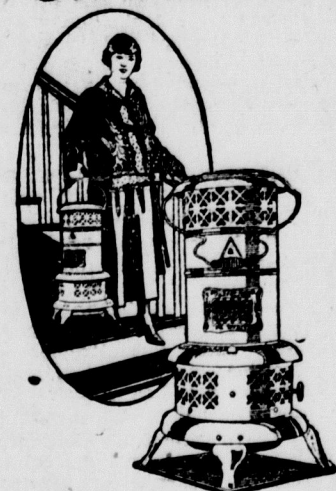

They should let the absent answer for themselves.

In English-Rolff: Miss Clifford, why was it that in the Victorian age some of the literary geniuses apparently lived on bread and water and sometimes less?

Miss Clifford: Why, those people were of an emotional type. Rolff: Well, I don't know about that. I can get emotional, too, but I get hungry too quick.

ASTHMA

Specialist's New Prescription Successful Where Everything Else Has Failed. Complete Relief Guaranteed in 24 Hours—Or No Cost

No matter how long you have suffered with Asthma or what your age, you can now banish all that agonizing wheezing, gasping, coughing and loss of sleep within 24 hours—through a remarkable new internal treatment perfected by a Cleveland specialist. It attacks the severest spasms in 30 minutes or less, and is positively guaranteed to bring complete relief from every symptom within 24 hours—or it costs you nothing.

The new treatment is known as Rinex, and is based on the latest medical discoveries. These prove that all Asthma, no matter what the form, is due to one fundamental internal condition—protein sensitiveness of the system. That is why external remedies have so little effect. But Rinex, taken in simple capsule form, goes direct to this internal cause and neutralizes it completely—without harmful drugs or bad after-effects. So every symptom—coughing, gasping, wheezing, etc.—is controlled within 24 hours.

Why be a slave to burning powders, etc., which give only temporary relief and do not at all prevent the Asthma from getting worse? Get Rinex today and just try it. Money Back Instantly if not fully relieved within 24 hours.

Get Rinex today and just try it. You can have a trial treatment, free, by writing to the Clinical Laboratories, Cleveland, Ohio, and sending 10 cents to cover packing and postage. But you take no risk in getting the \$1.00 package direct from the dealer. Money instantly refunded if not relieved. On sale in this city at:

PERSONAL ITEMS FROM COLMA

Sylvester Gilmorini recently took a trip to Tracy to visit friends.

Guidio Casentini of the Colma Grocery Store, who was seriously ill with blood poisoning in St. Luke's Hospital in San Francisco, is slightly improved.

Joseph Cavalli of Lawndale recently purchased a new Dodge car from David Arata, who has the local agency in the Arata building.

Mrs. Della Graziani of Mateo avenue has fully recovered from her recent serious illness.

At the first party of the big whist tournament sponsored by Holy Angels' Church and given in the Parochial Hall, there were 28 tables filled with players. Many fine turkeys were disposed of to swell the proceeds, and Pete Olmo received the first whist award. The remaining whists of the tournament will be held on the evenings of November 20 and December 18. Be sure to attend at the Parish Hall on San Pedro avenue. The person having the highest score for the three evenings will receive an award of \$10. Delicious refreshments and dancing are always enjoyed after the games.

Miss Josephine Jensen of Lawndale was the house guest of Miss Mildred Swan of Daly City one evening of last week.

Local friends of Mr. and Mrs. Higley have received announcement of the birth of a fine baby boy. Mrs. Higley was Miss Emily Yucher, a popular resident of Colma for many years.

Dr. Paul Frame, who has offices in the Arata building on Mission road, has taken up his residence there, as has Mrs. Frame.

Misses Frances Simpson and Mildred Lindquist of Daly City, former pupils of San Francisco's high schools, have entered Jefferson High School.

Mrs. George Lagomarsino spent last Thursday afternoon with her mother, Mrs. Henry Lorenz, of Mission road.

Mrs. P. Weller, Sr., spent last Wednesday visiting friends in San Francisco.

Mrs. Katherine White of Lawndale visited friends in San Francisco last Wednesday evening.

Fred Russi of First avenue is visiting relatives and friends in Sacramento.

Mrs. Edward Sallo spent last Tuesday in San Francisco.

Be sure to attend the big Hal loween dance to be given by the Santana Club in the new Olcese Building, on Saturday evening, November 1. A splendid jazz orchestra will be featured.

E. Maffei of Lomita Park visited friends in Lawndale one day of last week.

Walter Nessler visited Bennis Haubrich last Thursday afternoon. Rattaro & Drago Brothers, grocers, who occupy the Castle Hall building, are moving to the Casey building, while Castle Hall is being remodeled. It is said that this will be an up-to-date structure when completed, and will be called the Colma Auditorium.

Mr. and Mrs. Louis Renner of San Francisco visited at the Scheibert home in Union Coursing Park one evening of last week.

Be sure to attend the big Hal loween dance to be given by the Santana Club in the new Olcese building, on Mission road, Saturday evening, November 1. The girls of the club assure you a good time.

Don't forget the Colma Vista Grande Aerie, No. 1841, F. O. E., will hold a building festival in the Daly City Auditorium from October 30 to November 3, with dancing and other diversions.

Miss Iva Garcia has resumed her duties in the office of the Colma Motor Company after a slight operation at Mt. Zion Hospital, in San Francisco. Mrs. Ellen Linden was employed during her absence.

Harry Lorenz is recovering from his recent injuries.

The Colombo Mutual Benevolent Society gave a very successful dance in the new Olcese building last Sunday evening for the benefit of Holy Angels' Church.

Many local people attended the California Industrial Exposition.

The beautiful Callopy residence in the heart of Colma, will be sold at auction next Monday afternoon at 2 o'clock.

Giuseppe Varni of San Francisco passed away in that city on October 25. He is a brother of James Varni of Price street and leaves a wife, Luigia Varni, and children, Mrs. Louise Rogers, Mrs. Lillian Robinson, Mrs. Edith Miller, and Mrs. Florence Vogelsong. The family and relatives have the sincere sympathy of their friends in this locality.

Edward Daniels of San Francisco visited friends here recently.

Freddie Maschio of San Francisco attended the dance given by the Colombo Mutual Benevolent Society in the Olcese building last Sunday evening. The affair was given for the benefit of Holy Angels' Church.

Phillip Deller, Jr., motored to Petaluma last Sunday.

On Tuesday evening, November 4, a big whist party will be held in Daly City for the benefit of St. Maximus Church.

Mrs. E. J. Ford of Daly City was in town one day of last week.

J. P. Mondot is spending several weeks in Mendocino county.

Pete Olmo motored to La Honda on business, recently.

Russell Condlin of San Bruno visited relatives here one day of last week.

H. J. Borba of South San Francisco was in town last Thursday.

On Tuesday evening, November 4, a whist party and dance will be held for the benefit of the St. Maximus Building fund, in the Daly City auditorium. Many fine turkeys have been secured as prizes by the chairlady of the committee, Mrs. E. Ford.

Miss Ivy Garcia has fully recovered from an operation at Mt. Zion Hospital in San Francisco and has resumed her duties with the Bell Motor Car Company. Mrs. Ellen Linden of San Francisco substituted for Miss Garcia during her illness.

Mrs. Herbert Picetti of San Francisco, formerly of Colma, visited friends here recently.

Lario Benedetti visited friends in San Francisco last Wednesday evening.

Steve Biggio of Excelsior was in town one day of last week.

Mrs. P. L. Peterson spent last Saturday with friends in San Francisco.

Mrs. Attilio Conserva and Miss Eleanor Conserva visited Mrs. Henry Lorenz at her home on Mission road last Thursday.

Herman Lorena is rapidly recovering from his recent injuries.

Edward Ver Linden, Charles Suendermann and Angelo Olcese returned home from Colusa, where they were duck hunting.

Friends of Miss Annie Boetto will be pleased to know that she is well on the road to recovery after her serious illness.

Misses Louise Merlo and Sylvia Haubrich spent last Friday in San Francisco.

Mrs. Ellard Gouin and son, Dickard, visited Mrs. Justin Tassarone one day of last week.

Mrs. Louis Nava and son, Louis, Jr., visited Mrs. James Varni of Price street recently.

Mrs. A. Cheregino visited relatives in San Francisco last Tuesday.

Miss Dorothea Peterson is suffering from a severe cold.

Mrs. Jelinsky entertained guests from Petaluma last Saturday and Sunday.

Prof. W. J. Savage and Charles Suendermann attended a luncheon given by the Commonwealth Club at the Palace Hotel last Friday. The guest of honor being Archbishop Edward J. Hanna, who delivered an address concerning his recent trip to Italy.

The Colma Vista Grande Aerie of Eagles recently had a monstrous meeting at which there were over 70 guests from other lodges, including San Francisco, Oakland, Berkeley, Eureka and Alameda.

Mrs. J. L. Brown, who is well known here and a resident of Ross, Marin county, is one of the contestants in the beautiful hair contest at the California Industries Exposition at the San Francisco Auditorium. Mrs. Brown possesses beautiful reddish brown hair.

Miss La Prele Lindsay of Daly City is now captain of the freshman basketball team of Jefferson Union High School.

The boys of Jefferson Union High School won their first league game in football last Friday, when they defeated Los Gatos by 6 points.

The girls are equally proficient in the world of sports having defeated the San Mateo 125-pound basketball team by a score of 17 to 2.

Master Mason of the M. & D. Kennels, owned by Malcolm & Dennis, and born in Colma, finished in third place in the American Derby at Chapman, Kan., after a hard fight. More than 100 dogs from all over the country competed in this coursing event.

Oliver Granucci, Charles Suendermann and Edward Ver Linden returned from a duck hunting trip to Colusa.

Dr. Oehner of San Francisco visited at the home of Mr. and Mrs. Antonio Sturla on Market street last Sunday.

Miss Theresa Stampanoni has sold her Ford coupe.

Miss Louise Merlo spent last Saturday afternoon in San Francisco.

Mrs. B. W. Haubrich and Miss Sylvia Haubrich visited Mr. and Mrs. E. Maffei at their home in Lomita Park, last Saturday afternoon.

The many friends of Miss Annie Boetto are pleased to know that she is recovering from her serious illness.

B. W. Haubrich visited Joe Porto of Milbrae last Sunday.

Mr. and Mrs. Peter L. Peterson tendered their son, Lawrence, a birthday dinner at their home on Mission road, last Sunday. The rooms were artistically decorated in pink and white crepe paper and pink and white roses, with dainty favors of harmonizing color for each guest. Lawrence received many handsome gifts. Cards and dancing were enjoyed until a late hour by the following: Mr. and Mrs. Jack Dennis, Mr. and Mrs. P. Peterson, Mr. and Mrs. James Callan, Mrs. Dorothea Peterson, Misses Dorothy Dennis, Bertha Peterson, Meta, Kathryn and Elizabeth Callan, and Dorothea Peterson; Messrs. Louis Wohlers, Harry Collins, Milton and Lawrence Peterson, John Wohlers, Robert, John Edward and George Dennis.

RECOGNITION

Monday was SOUTH SAN FRANCISCO DAY at the California Industries Exposition.

It was added proof, if added proof was necessary, that this city is recognized as the fastest growing manufacturing center on the Pacific Coast.

A city that has factories with a combined weekly payroll of \$115,124 is bound to be prosperous. Its prosperity is evidenced in its municipal improvements, in its merchants and in the people.

Are you who live elsewhere but who work in South San Francisco going to continue to refuse your share of the prosperity that you help to create.

Start today to learn about the city in which you earn your living. When you learn it well you will be convinced that it is also the place you want to live in.

South San Francisco is progressing.

Progress with it.

Manufacturers' Association of South San Francisco

Let us investigate before you invest. Our advice is of financial value to you. Ours is a thoughtful business where experience and integrity make for reliability and reputation.

PENINSULA FARES WELL IN HIGHWAY PROGRAM TO BE CAMPAIGNED FOR

San Francisco, the bay region and Northern California will go to the state legislature with one voice at its next session seeking a definite program of highway development.

For the first time in history, the city and county officials, chambers of commerce and important organizations of this section of the state have decided to work together for better roads as a community project.

Such was the agreement reached by members of the Board of Supervisors and officials of Northern California, at a banquet tendered by the local supervisors in the Hotel St. Francis, San Francisco.

Program Decided
The meeting was called for the express purpose of deciding upon a program for highways to be presented to Governor Richardson's "committee of nine" which has been touring the state and studying good road needs. The committee meets with local supervisors on November 12. On the two preceding days meetings will be held with the boards of supervisors of San Mateo and Alameda counties. With the general agreement of all of the seventy-five or more present at the recent meeting the following "highway development program," endorsed by the downtown association, the San Francisco Chamber of Commerce and Commonwealth Club, was approved:

1. Construction of bay shore highway from the intersection of Potrero and San Bruno avenues and Army street to San Jose.

2. (a) Paving Skyline boulevard. (b) Extension of Skyline boulevard from Woodward to Watsonville.

3. Extension Junipero Serra boulevard, using the Ocean Shore railway right-of-way to connect with the present highway back to the cemeteries.

4. Construction of road and approaches on both east and west side of bay leading to the proposed Dumbarton bridge, near Redwood City.

5. (a) Construction of road from Palo Alto to San Rafael to connect with present state highway now constructed from Tiburon to Alto. (b) Construction of road from Point San Quentin to San Rafael.

6. Completion of paving Black Point cutoff from Fairville to Napa-Sonoma county line.

7. Construction of a cutoff commencing at about Shellville and running easterly and connecting with the Vallejo-Napa highway at or about James Canyon.

8. Widening and straightening Marin county highway from Sausalito and improvement of the Corte Madera grade.

9. Proposed cutoff (Saratoga Gap) to Boulder Creek running near California Redwood Park.

10. Paving highway from Shellville north through Sonoma to Belknap.

11. Tunnel road from proposed Antioch bridge to Oakland (Victory highway).

McLeran Presides
Supervisor Ralph McLeran of San Francisco presided and made the opening address. Harvey M. Toy, president of the State Highway Commission, gave a talk in which he pledged his support for a definite program for highways.

T. P. Andrews, chairman of the Downtown Association Highway Committee; Professor C. D. Marx of Stanford University, Commonwealth Club highway chairman; and Colbert Caldwell, president of the San Francisco Chamber of Commerce, all approved the plans.

Country's Record Year for Big Disasters; Red Cross Gives Relief in Many States

RED CROSS WORKERS AND NURSE RESCUING A TORNADO VICTIM FROM RUINS OF HIS HOME.

WHEN the angry elements crash man's works about him; wherever tornado, cyclone, flood, fire, explosion inflict death, injury and misery, the news dispatches almost invariably convey the assurance that Red Cross nurses and workers are on duty immediately. In the 12 months ended June 30 last the American Red Cross administered relief in 192 disasters, a new annual record in the United States.

This was a monthly average of 16 disasters. The year's total deaths mounted to 735, nearly 2,000 persons were injured, and almost 44,000 were left homeless. Every week of the year the disaster loss was a little under a million dollars, the total losses for the year being estimated at more than \$45,000,000.

The annual report of the American Red Cross states that disasters wrecked 2,450 buildings and damaged 5,230, in the territory embraced from Maine to California and Minnesota to Texas. The Red Cross in all areas housed 5,700 persons, 2,900 alone after the recent tornado in Northern Ohio, and the organization furnished food to 28,400.

The year's disasters included 13 great fires, 10 floods, six mine explosions, a powder mill explosion and an explosion in a starch factory, three cloudbursts, seven cyclones, 14 tornadoes, and five disasters due to hail or wind storms. All the tornadoes occurred during the latter part of April, in May and June. The Red Cross disbursed in relief work \$737,603.37 of National and Chapter funds.

The industry of the Red Cross doesn't end when the immediate needs of the injured and homeless

are satisfied, but its workers are busy over long periods in devastated districts engaged in rehabilitating the victims. In 33 of the larger disasters of the year the trained workers from the National organization continued in service for many months.

The whole nation looks to the Red Cross when calamity strikes, and the organization in the last year increased its equipment so as to be certain that it will retain this national confidence. Under the direction of executives at Washington a mobile disaster unit has been organized with a reserve of experienced disaster workers standing ready for any call to duty anywhere. This unit has at its service the airplanes of the Army, Navy and Post Office Department and can place its nurses and administrators in the midst of a wreck-stricken section in the shortest possible time.

The six mine explosions were especially severe in taking toll of life, 353 men being killed. This type of disaster always means long-time family tragedies due to the loss of wage earners and involves the setting up of trust funds through Red Cross activity for the care and education of minor children and provision for widowed mothers.

Tornadoes and floods cause the most widespread desolation. No one can escape their path. The battered belongings of rich and poor are piled in a confused tangle. After the first shock organization begins to assert itself. Invariably close to the center of concerted endeavor is found the local Red Cross Chapter, whose volunteer workers drop everything

to give relief, and this work is intelligently done because these workers have been schooled in effective methods of handling such problems.

The universal presence of the Red Cross in time of great distress is not surprising when it is known that there are more Red Cross Chapters than there are counties in the United States; that the six divisions of the national organization have headquarters at Boston, Chicago, Atlanta, Washington, St. Louis and San Francisco. The Division has an organization similar to that of National Headquarters at Washington, and the Division managers comprise an executive staff in the field competent to handle every situation in which the industry and humanitarian endeavors of the American Red Cross are enlisted.

Those who have gone to the scenes of devastation have been impressed and inspired by the way the Red Cross people drop in line to give relief in time of dire need. This work never rests and it is a foremost activity of the Red Cross which illustrated why in peace time the American Red Cross needs great strength in interested members back of it. It is one of the foremost reasons why every body is urged to join or renew membership in the Red Cross this year during the enrollment period opening Armistice Day, November 11, and ending Thanksgiving Day, November 27. As the extent of Red Cross operations depends upon the strength of individual member ships, the reason for joining has a direct appeal to all persons—for the Red Cross is the people's "organization of mercy."

O'CONNOR IS STILL SOUGHT ON S. F. WRIT

REDWOOD CITY, Oct. 30.—Jack O'Connor, San Francisco taxi driver and son of Policewoman Katherine O'Connor of that city, yesterday failed to appear in the superior court in San Francisco on the writ of habeas corpus granted him, together with Miss Georgia Bradley, last week following his arrest on a charge of highway robbery and assault.

The writ having been returnable yesterday after a previous continuance, according to information obtained by Sheriff T. C. McGovern from San Francisco police authorities, Wednesday.

Search for young O'Connor is now on by members of the San Francisco police department, although a second continuance to Saturday morning at 10 o'clock has been granted by the court. Policewoman O'Connor, according to information here, has been questioned as to the whereabouts of her son.

O'Connor, together with the Bradley girl, who is held in the local superior court following her arrest after her appeal for a writ of habeas corpus in San Francisco had been upheld there is charged with the beating and robbing of W. R. Brooks, Downieville mining man, near Tanforan on the night of October 14.

Miss Bradley is scheduled for arraignment before Justice of the Peace Ray Griffin today at 2 o'clock on the charges of highway robbery and assault with intent to commit murder, which have been placed against her by Sheriff McGovern.

Brooks, the victim in the case, was in Redwood City yesterday conferring with District Attorney Franklin Swart relative to the details of the case.

Santa Clara Eleven to Carry Fight to Stanford Friday in Card Stadium

Stanford's varsity football team—still counted as one of the four teams to be reckoned with in analyzing the championship situation in the Pacific Coast Conference—will gain a short breathing spell this week in spite of tortuous times elsewhere in the mad scramble for Far Western grid honors.

Stanford plays the University of Santa Clara eleven at the stadium tomorrow afternoon, and while the Cardinals are not expected to subdue the Broncos by any large score, safe, conservative football is looked upon as the probable plan of Coach Glenn Warner.

Originally the Stanford-Santa Clara game was set for Saturday but it was shifted to Friday in order to leave a clear way for the California-U. S. C. contest at Berkeley on Saturday. Coaches Warner, Kerr and Thornhill and members of the Stanford varsity squad will attend the latter affair in a body.

Cards in Good Position
Of the four teams reckoned in the conference race, Stanford is most favored by the schedule. By defeating the University of Idaho a week ago, the Cards came through one of the three crises of the year in good fashion. True, Stanford barely beat the Vandals, 3 to 0, but Idaho has heretofore been acknowledged as a conference championship contender.

With his squad in mid-season condition Glenn Warner has now for a week to prepare his men for the second crisis—the U. S. C. game at Los Angeles. Both Captain Jim Lawson and George Bogue, valued members of the red team, have recovered from minor injuries sustained in the Idaho affair. Bogue received a slight injury to his back. Nevers, although able to go through the daily practice in good shape, will definitely be kept out of the Santa Clara game tomorrow so the chances are that any U. S. C. scouts lurking in the stadium will gain little insight on "Pop" Warner's plans for the campaign the following week.

Although Southern California has turned out a powerful eleven this year, the chances are that the Trojan bone crushers will not

ELIGIBILITY OF COOK, U. S. C. STAR, PROTESTED BY U. C.

Eligibility of Bill Cook, University of Southern California fullback and former Stanford freshman star was today protested by authorities at the University of California, according to word received from Berkeley.

Cook, who played on the Stanford yearling team two years ago is charged with having coached Santa Ana High School. No definite action has been taken as yet on the protest by Conference authorities.

The California varsity starting today will train in secret in preparation for Saturday's game at Berkeley with the Trojans. The Bears will practice for the last time Thursday and then will leave for Mount Diablo where they will remain until Saturday.

U. S. C. ranks a 10 to 7 favorite in the betting on the game.

Members of the Stinnes family are said to be interested in a moving picture concern, capitalized at \$1,000,000, with headquarters in Copenhagen, which plans to make its own films and exhibit them in a chain of theaters in several countries.

Uninterrupted Progress In Highway Development, Demand of Auto Ass'n

Uninterrupted highway progress is the end toward which the California State Automobile Association, representing over 47,000 organized motorists in Northern and Central California, has concentrated the activities of its good roads bureau and committee during the past year, according to an announcement made today by W. T. Sesnon, president of the association.

This activity will be continued during the coming year, Sesnon said, and the next legislature must be prevailed upon to adopt any construction work.

Through representation on the California highway committee of nine, Sesnon said that the automobile association is assisting in a survey of the state highway system and helping to formulate a business like plan for future financing, procedure and construction. This plan, Sesnon said, must provide for the raising of highway construction funds on a fair and equitable basis, insure uninterrupted progress toward the goal of a completed state highway system, and develop sound policies as to priorities of construction, with due regard for a large portion of the state which is equally suffering from want of good, serviceable highways.

With \$73,000,000 in bond funds expended, new construction work will soon come to a standstill, leaving California without a single completed interstate connection, 14 county seats without connection with the main trunk lines, and approximately 40 per cent of the total state highway system without any construction work.

LEGAL

NOTICE OF FILING OF ASSESSMENT AND TIME OF HEARING

Notice is hereby given that the Superintendent of Streets of the City of San Francisco did, on the 22nd day of October, 1924, file in the office of the undersigned, City Clerk of said city, an assessment made by said Superintendent of Streets to cover the costs and expenses of the work of under and pursuant to Resolution of Intention No. 53, passed and adopted by the Board of Trustees of the City of San Francisco on the 11th day of February, 1924, for the improvement of that portion of the alley between Grand Avenue and Miller Avenue and included between the westerly line of Spruce Avenue and a line drawn at right angles to the center line of said alley at a point distant 600 feet westerly from the westerly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Magnolia Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the westerly line of Map Avenue and the easterly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Spruce Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the easterly line of Orange Avenue and a line drawn at right angles to the center line of said alley at a point distant 500 feet easterly from the center line of Orange Avenue; that portion of the alley between Baden Avenue and Commercial Avenue and included between the easterly line of Orange Avenue and the westerly line of Linden Avenue, but excluding therefrom the intersections thereof with Magnolia Avenue, Spruce Avenue and Maple Avenue; that portion of the alley between California Avenue and Lux Avenue and included between the easterly line of Linden Avenue and the westerly line of Cypress Avenue; that portion of the alley between Lux Avenue and Miller Avenue and included between the easterly line of Maple Avenue and the westerly line of Linden Avenue; that portion of the alley between Commercial Avenue and Railroad Avenue and included between the westerly line of Linden Avenue and the easterly line of Railroad Avenue; that portion of Railroad Avenue from the westerly line of Spruce Avenue, produced southerly, to the easterly line of Magnolia Avenue, produced south-

CINDERELLA PRODUCES THE OTHER SLIPPER. A PANEL IN THE MURALS PAINTED BY ARTHUR CRISP

Cinderella, the best loved heroine in fairyland, has been installed as New York City's Goddess of Romance. Right out of Make-Believe-Land has she stepped, glad raiment, glass slippers and all, to preside over the Colonial Ballroom in the new Roosevelt Hotel. And to all who seek her in the true spirit of romance, she is pledged to bestow her blessing.

Cinderella has been created Goddess of Romance by Arthur Crisp, painter. Three large panels picture a heroic proportions the story which has captured world's imagination. For there is no country or people without its version of

Cinderella, the old ever-new tale of Romance. According to Mr. Crisp, "the need for Romance, like religion, is common to every race. All people cherish romantic lore, equally with religious traditions. Romance and the ballroom are synonymous. I selected Cinderella as the theme for the ballroom panels because Cinderella typifies Romance—it is one of the fundamental legends of humanity."

The Roosevelt, on Madison Avenue and Forty-fifth street, is the 18th hotel in the system operated under the direction of the United Hotels Company. It will open this month under management of Edward Clinton Fogg.

NEW SUNSET LIMITED IS EXHIBITED IN PENINSULA CITIES

Plans, rapidly are completed by the Southern Pacific Company for inauguration of the New Sunset Limited service on November 1 between San Francisco and New Orleans.

Two exhibition trains were made up last week for inspection by the public in order that the many conveniences and comforts of this most modern "hotel on wheels" could be readily seen.

The second exhibition train left San Francisco Friday morning, stopping at San Luis Obispo, Guadalupe, Santa Barbara, Ventura and Oxnard. It was then taken to Los Angeles for inspection there and at neighboring cities.

The last word in modern rail travel will be provided by the New Sunset Limited. All cars, of steel construction, have been specially built with the view of assuring comfort and safety. There will be a barber, valet and maid on each train, and baths for men and women, together with other new features.

Many of the noted scenic and historical sections of the West and Southwest will be traversed by the train. The Coast Route, is followed between San Francisco and Los Angeles. Then to the east the traveler is taken across Southern California, through picturesque sections of Arizona, New Mexico and Texas, and through the Acadia Land of Louisiana made famous in Longfellow's "Evangeline."

and that portion of the termination at Magnolia Avenue and Railroad Avenue between the westerly line of Magnolia Avenue, produced southerly, and the easterly line of Railroad Avenue, produced southerly, and included between the easterly line of Railroad Avenue and a line drawn at right angles to the center line of said alley at a point distant 300 feet southerly from the easterly line of Railroad Avenue, under the contract therefor heretofore entered into by said city and Charles J. Lindgren, and that I hereby, by fix Monday, the 17th day of November, 1924, at the hour of 7:30 o'clock p. m. and the Council Chamber of the Board of Trustees of said city in the City Hall of said city an assessment made by said Superintendent of Streets to cover the costs and expenses of the work of under and pursuant to Resolution of Intention No. 53, passed and adopted by the Board of Trustees of the City of San Francisco on the 11th day of February, 1924, for the improvement of that portion of the alley between Grand Avenue and Miller Avenue and included between the westerly line of Spruce Avenue and a line drawn at right angles to the center line of said alley at a point distant 600 feet westerly from the westerly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Magnolia Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the westerly line of Map Avenue and the easterly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Spruce Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the easterly line of Orange Avenue and a line drawn at right angles to the center line of said alley at a point distant 500 feet easterly from the center line of Orange Avenue; that portion of the alley between Baden Avenue and Commercial Avenue and included between the easterly line of Orange Avenue and the westerly line of Linden Avenue, but excluding therefrom the intersections thereof with Magnolia Avenue, Spruce Avenue and Maple Avenue; that portion of the alley between California Avenue and Lux Avenue and included between the easterly line of Linden Avenue and the westerly line of Cypress Avenue; that portion of the alley between Lux Avenue and Miller Avenue and included between the easterly line of Maple Avenue and the westerly line of Linden Avenue; that portion of the alley between Commercial Avenue and Railroad Avenue and included between the westerly line of Linden Avenue and the easterly line of Railroad Avenue; that portion of Railroad Avenue from the westerly line of Spruce Avenue, produced southerly, to the easterly line of Magnolia Avenue, produced south-

ly; and that portion of the termination at Magnolia Avenue and Railroad Avenue between the westerly line of Magnolia Avenue, produced southerly, and the easterly line of Railroad Avenue, produced southerly, and included between the easterly line of Railroad Avenue and a line drawn at right angles to the center line of said alley at a point distant 300 feet southerly from the easterly line of Railroad Avenue, under the contract therefor heretofore entered into by said city and Charles J. Lindgren, and that I hereby, by fix Monday, the 17th day of November, 1924, at the hour of 7:30 o'clock p. m. and the Council Chamber of the Board of Trustees of said city in the City Hall of said city an assessment made by said Superintendent of Streets to cover the costs and expenses of the work of under and pursuant to Resolution of Intention No. 53, passed and adopted by the Board of Trustees of the City of San Francisco on the 11th day of February, 1924, for the improvement of that portion of the alley between Grand Avenue and Miller Avenue and included between the westerly line of Spruce Avenue and a line drawn at right angles to the center line of said alley at a point distant 600 feet westerly from the westerly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Magnolia Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the westerly line of Map Avenue and the easterly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Spruce Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the easterly line of Orange Avenue and a line drawn at right angles to the center line of said alley at a point distant 500 feet easterly from the center line of Orange Avenue; that portion of the alley between Baden Avenue and Commercial Avenue and included between the easterly line of Orange Avenue and the westerly line of Linden Avenue, but excluding therefrom the intersections thereof with Magnolia Avenue, Spruce Avenue and Maple Avenue; that portion of the alley between California Avenue and Lux Avenue and included between the easterly line of Linden Avenue and the westerly line of Cypress Avenue; that portion of the alley between Lux Avenue and Miller Avenue and included between the easterly line of Maple Avenue and the westerly line of Linden Avenue; that portion of the alley between Commercial Avenue and Railroad Avenue and included between the westerly line of Linden Avenue and the easterly line of Railroad Avenue; that portion of Railroad Avenue from the westerly line of Spruce Avenue, produced southerly, to the easterly line of Magnolia Avenue, produced south-

ly; and that portion of the termination at Magnolia Avenue and Railroad Avenue between the westerly line of Magnolia Avenue, produced southerly, and the easterly line of Railroad Avenue, produced southerly, and included between the easterly line of Railroad Avenue and a line drawn at right angles to the center line of said alley at a point distant 300 feet southerly from the easterly line of Railroad Avenue, under the contract therefor heretofore entered into by said city and Charles J. Lindgren, and that I hereby, by fix Monday, the 17th day of November, 1924, at the hour of 7:30 o'clock p. m. and the Council Chamber of the Board of Trustees of said city in the City Hall of said city an assessment made by said Superintendent of Streets to cover the costs and expenses of the work of under and pursuant to Resolution of Intention No. 53, passed and adopted by the Board of Trustees of the City of San Francisco on the 11th day of February, 1924, for the improvement of that portion of the alley between Grand Avenue and Miller Avenue and included between the westerly line of Spruce Avenue and a line drawn at right angles to the center line of said alley at a point distant 600 feet westerly from the westerly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Magnolia Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the westerly line of Map Avenue and the easterly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Spruce Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the easterly line of Orange Avenue and a line drawn at right angles to the center line of said alley at a point distant 500 feet easterly from the center line of Orange Avenue; that portion of the alley between Baden Avenue and Commercial Avenue and included between the easterly line of Orange Avenue and the westerly line of Linden Avenue, but excluding therefrom the intersections thereof with Magnolia Avenue, Spruce Avenue and Maple Avenue; that portion of the alley between California Avenue and Lux Avenue and included between the easterly line of Linden Avenue and the westerly line of Cypress Avenue; that portion of the alley between Lux Avenue and Miller Avenue and included between the easterly line of Maple Avenue and the westerly line of Linden Avenue; that portion of the alley between Commercial Avenue and Railroad Avenue and included between the westerly line of Linden Avenue and the easterly line of Railroad Avenue; that portion of Railroad Avenue from the westerly line of Spruce Avenue, produced southerly, to the easterly line of Magnolia Avenue, produced south-

ly; and that portion of the termination at Magnolia Avenue and Railroad Avenue between the westerly line of Magnolia Avenue, produced southerly, and the easterly line of Railroad Avenue, produced southerly, and included between the easterly line of Railroad Avenue and a line drawn at right angles to the center line of said alley at a point distant 300 feet southerly from the easterly line of Railroad Avenue, under the contract therefor heretofore entered into by said city and Charles J. Lindgren, and that I hereby, by fix Monday, the 17th day of November, 1924, at the hour of 7:30 o'clock p. m. and the Council Chamber of the Board of Trustees of said city in the City Hall of said city an assessment made by said Superintendent of Streets to cover the costs and expenses of the work of under and pursuant to Resolution of Intention No. 53, passed and adopted by the Board of Trustees of the City of San Francisco on the 11th day of February, 1924, for the improvement of that portion of the alley between Grand Avenue and Miller Avenue and included between the westerly line of Spruce Avenue and a line drawn at right angles to the center line of said alley at a point distant 600 feet westerly from the westerly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Magnolia Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the westerly line of Map Avenue and the easterly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Spruce Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the easterly line of Orange Avenue and a line drawn at right angles to the center line of said alley at a point distant 500 feet easterly from the center line of Orange Avenue; that portion of the alley between Baden Avenue and Commercial Avenue and included between the easterly line of Orange Avenue and the westerly line of Linden Avenue, but excluding therefrom the intersections thereof with Magnolia Avenue, Spruce Avenue and Maple Avenue; that portion of the alley between California Avenue and Lux Avenue and included between the easterly line of Linden Avenue and the westerly line of Cypress Avenue; that portion of the alley between Lux Avenue and Miller Avenue and included between the easterly line of Maple Avenue and the westerly line of Linden Avenue; that portion of the alley between Commercial Avenue and Railroad Avenue and included between the westerly line of Linden Avenue and the easterly line of Railroad Avenue; that portion of Railroad Avenue from the westerly line of Spruce Avenue, produced southerly, to the easterly line of Magnolia Avenue, produced south-

ly; and that portion of the termination at Magnolia Avenue and Railroad Avenue between the westerly line of Magnolia Avenue, produced southerly, and the easterly line of Railroad Avenue, produced southerly, and included between the easterly line of Railroad Avenue and a line drawn at right angles to the center line of said alley at a point distant 300 feet southerly from the easterly line of Railroad Avenue, under the contract therefor heretofore entered into by said city and Charles J. Lindgren, and that I hereby, by fix Monday, the 17th day of November, 1924, at the hour of 7:30 o'clock p. m. and the Council Chamber of the Board of Trustees of said city in the City Hall of said city an assessment made by said Superintendent of Streets to cover the costs and expenses of the work of under and pursuant to Resolution of Intention No. 53, passed and adopted by the Board of Trustees of the City of San Francisco on the 11th day of February, 1924, for the improvement of that portion of the alley between Grand Avenue and Miller Avenue and included between the westerly line of Spruce Avenue and a line drawn at right angles to the center line of said alley at a point distant 600 feet westerly from the westerly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Magnolia Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the westerly line of Map Avenue and the easterly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Spruce Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the easterly line of Orange Avenue and a line drawn at right angles to the center line of said alley at a point distant 500 feet easterly from the center line of Orange Avenue; that portion of the alley between Baden Avenue and Commercial Avenue and included between the easterly line of Orange Avenue and the westerly line of Linden Avenue, but excluding therefrom the intersections thereof with Magnolia Avenue, Spruce Avenue and Maple Avenue; that portion of the alley between California Avenue and Lux Avenue and included between the easterly line of Linden Avenue and the westerly line of Cypress Avenue; that portion of the alley between Lux Avenue and Miller Avenue and included between the easterly line of Maple Avenue and the westerly line of Linden Avenue; that portion of the alley between Commercial Avenue and Railroad Avenue and included between the westerly line of Linden Avenue and the easterly line of Railroad Avenue; that portion of Railroad Avenue from the westerly line of Spruce Avenue, produced southerly, to the easterly line of Magnolia Avenue, produced south-

ly; and that portion of the termination at Magnolia Avenue and Railroad Avenue between the westerly line of Magnolia Avenue, produced southerly, and the easterly line of Railroad Avenue, produced southerly, and included between the easterly line of Railroad Avenue and a line drawn at right angles to the center line of said alley at a point distant 300 feet southerly from the easterly line of Railroad Avenue, under the contract therefor heretofore entered into by said city and Charles J. Lindgren, and that I hereby, by fix Monday, the 17th day of November, 1924, at the hour of 7:30 o'clock p. m. and the Council Chamber of the Board of Trustees of said city in the City Hall of said city an assessment made by said Superintendent of Streets to cover the costs and expenses of the work of under and pursuant to Resolution of Intention No. 53, passed and adopted by the Board of Trustees of the City of San Francisco on the 11th day of February, 1924, for the improvement of that portion of the alley between Grand Avenue and Miller Avenue and included between the westerly line of Spruce Avenue and a line drawn at right angles to the center line of said alley at a point distant 600 feet westerly from the westerly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Magnolia Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the westerly line of Map Avenue and the easterly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Spruce Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the easterly line of Orange Avenue and a line drawn at right angles to the center line of said alley at a point distant 500 feet easterly from the center line of Orange Avenue; that portion of the alley between Baden Avenue and Commercial Avenue and included between the easterly line of Orange Avenue and the westerly line of Linden Avenue, but excluding therefrom the intersections thereof with Magnolia Avenue, Spruce Avenue and Maple Avenue; that portion of the alley between California Avenue and Lux Avenue and included between the easterly line of Linden Avenue and the westerly line of Cypress Avenue; that portion of the alley between Lux Avenue and Miller Avenue and included between the easterly line of Maple Avenue and the westerly line of Linden Avenue; that portion of the alley between Commercial Avenue and Railroad Avenue and included between the westerly line of Linden Avenue and the easterly line of Railroad Avenue; that portion of Railroad Avenue from the westerly line of Spruce Avenue, produced southerly, to the easterly line of Magnolia Avenue, produced south-

ly; and that portion of the termination at Magnolia Avenue and Railroad Avenue between the westerly line of Magnolia Avenue, produced southerly, and the easterly line of Railroad Avenue, produced southerly, and included between the easterly line of Railroad Avenue and a line drawn at right angles to the center line of said alley at a point distant 300 feet southerly from the easterly line of Railroad Avenue, under the contract therefor heretofore entered into by said city and Charles J. Lindgren, and that I hereby, by fix Monday, the 17th day of November, 1924, at the hour of 7:30 o'clock p. m. and the Council Chamber of the Board of Trustees of said city in the City Hall of said city an assessment made by said Superintendent of Streets to cover the costs and expenses of the work of under and pursuant to Resolution of Intention No. 53, passed and adopted by the Board of Trustees of the City of San Francisco on the 11th day of February, 1924, for the improvement of that portion of the alley between Grand Avenue and Miller Avenue and included between the westerly line of Spruce Avenue and a line drawn at right angles to the center line of said alley at a point distant 600 feet westerly from the westerly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Magnolia Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the westerly line of Map Avenue and the easterly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Spruce Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the easterly line of Orange Avenue and a line drawn at right angles to the center line of said alley at a point distant 500 feet easterly from the center line of Orange Avenue; that portion of the alley between Baden Avenue and Commercial Avenue and included between the easterly line of Orange Avenue and the westerly line of Linden Avenue, but excluding therefrom the intersections thereof with Magnolia Avenue, Spruce Avenue and Maple Avenue; that portion of the alley between California Avenue and Lux Avenue and included between the easterly line of Linden Avenue and the westerly line of Cypress Avenue; that portion of the alley between Lux Avenue and Miller Avenue and included between the easterly line of Maple Avenue and the westerly line of Linden Avenue; that portion of the alley between Commercial Avenue and Railroad Avenue and included between the westerly line of Linden Avenue and the easterly line of Railroad Avenue; that portion of Railroad Avenue from the westerly line of Spruce Avenue, produced southerly, to the easterly line of Magnolia Avenue, produced south-

ly; and that portion of the termination at Magnolia Avenue and Railroad Avenue between the westerly line of Magnolia Avenue, produced southerly, and the easterly line of Railroad Avenue, produced southerly, and included between the easterly line of Railroad Avenue and a line drawn at right angles to the center line of said alley at a point distant 300 feet southerly from the easterly line of Railroad Avenue, under the contract therefor heretofore entered into by said city and Charles J. Lindgren, and that I hereby, by fix Monday, the 17th day of November, 1924, at the hour of 7:30 o'clock p. m. and the Council Chamber of the Board of Trustees of said city in the City Hall of said city an assessment made by said Superintendent of Streets to cover the costs and expenses of the work of under and pursuant to Resolution of Intention No. 53, passed and adopted by the Board of Trustees of the City of San Francisco on the 11th day of February, 1924, for the improvement of that portion of the alley between Grand Avenue and Miller Avenue and included between the westerly line of Spruce Avenue and a line drawn at right angles to the center line of said alley at a point distant 600 feet westerly from the westerly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Magnolia Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the westerly line of Map Avenue and the easterly line of Magnolia Avenue, but excluding therefrom the intersection thereof with Spruce Avenue; that portion of the alley between Grand Avenue and Baden Avenue and included between the easterly line of Orange Avenue and a line drawn at right angles to the center line of said alley at a point distant 500 feet easterly from the center line of Orange Avenue; that portion of the alley between Baden Avenue and Commercial Avenue and included between the easterly line of Orange Avenue and the westerly line of Linden Avenue, but excluding therefrom the intersections thereof with Magnolia Avenue, Spruce Avenue and Maple Avenue; that portion of the alley between California Avenue and Lux Avenue and included between the easterly line of Linden Avenue and the westerly line of Cypress Avenue; that portion of the alley between Lux Avenue and Miller Avenue and included between the easterly line of Maple Avenue and the westerly line of Linden Avenue; that portion of the alley between Commercial Avenue and Railroad Avenue and included between the westerly line of Linden Avenue and the easterly line of Railroad Avenue; that portion of Railroad Avenue from the westerly line of Spruce Avenue, produced southerly, to the easterly line of Magnolia Avenue, produced south-

PESCADERO

PESCADERO, Oct. 28.—Among coast side improvements to be adopted lately is an extended aqueduct to convey overflow waters from the Little Butano into Lake Lucerne on the Peninsula Farms of property. Lake Lucerne is formed by the Bean Hollow dam, and is a storage reservoir for irrigating waters to be used on the farm lands in the immediate vicinity of the Santa Cruz road between Bean Hollow and Pigeon Point. The aqueduct is in process of construction and when completed will percolate several miles into the Little Butano Canyon. During its course it will pass through a tunnel some 200 feet in length and 6 feet in diameter. A crew of miners are now at work on the tunnel.

Frank Robinson is putting in extensive experimental projects in various sections of the Peninsula Farms Company's holdings with a view of gathering data on the possibilities of raising potatoes for the early spring markets. Owing to the great success of last season's experimental work carried on by Lathrop and Robinson, as exemplified in the state fair showings recently, much interest is being manifested in the present projects.

An interesting soccer workout was entered into by the high and grammar schools here Friday afternoon, with the result that some surprisingly promising material was uncovered among the grammar school players. Ballard, Davis, Steele, Williamson, Asaka, and several others were the outstanding figures of the practice. As an indication of the hold that soccer is taking on this section, a large gathering of fans was on hand to witness the workout.

Allison Wightman, Lloyd Locke, Pat Burke and a number of other Half Moon Bay soccer players were visitors on the Pescadero soccer field Friday afternoon. While here they participated in a practice game against the high school soccer squad.

The flag pole that marks the center of town was painted before a gathering of spectators Sunday. This improvement was carried out through the initiative of the Native Sons of this place, and was under the direct supervision of George Giandola. Donations from local business houses, citizens, student bodies, and fraternal and other organizations defrayed the expenses involved.

Mr. and Mrs. Bert Rose have returned here to take over the Johnson place after having been residing in the bay region for a number of years.

Mr. and Mrs. Joseph Alvaria and a party of friends were up from San Jose Saturday visiting in Pescadero. While here they were the guests of Mrs. R. P. Emmet, and Mr. and Mrs. Frank Duarte.

After spending several days in San Francisco Mr. and Mrs. Antonio George returned to Pescadero Saturday.

Frank Duarte, Sr., was in Oakland the fore part of the week. Duarte looked after his business interests there.

Mrs. Edwin Willman spent the week-end in San Francisco. While there Mrs. Willman was entertained at the home of her brother, Dr. C. V. Hardeman.

Father O'Connor was a visitor at the Butano Saturday. He officiated at church services here on Sunday.

So popular has been the business efficiency exhibition in Glasgow, Scotland, that it had to be opened extra hours to accommodate the crowds.

SAN BRUNO NEWS ITEMS

Robert Rainey, of San Mateo Park, one of the foremen working on the new highway, has a gripe and is able to be back at work again.

Mr. and Mrs. Phillip B. Cautfield, of Ohio, have rented one of the Hawkins flats and intend to make their future home here.

Mr. and Mrs. Holmgren of San Bruno Park, have purchased one of the cottages built by the San Bruno Bank in First Addition.

Mrs. W. J. Hodges and baby, left Saturday to visit her parents in the East. Mrs. Hodges expects to return to San Bruno in a few months.

The Southern Pacific Company, in answer to a letter sent by G. A. Helmore of the Civic League, has had the Scott street crossing in Fifth Addition, which was in a very dangerous condition, properly attended to. This is the crossing where G. A. Helmore escaped a serious accident a few months ago.

Mrs. Charles B. Coryell, a former resident of San Bruno, now living in San Francisco, has been notified of the death of her sister, Miss Alice Pixley.

The streets in Fifth Addition have been greatly improved by a new layer of rocks. This work was put through under the efforts of City Trustee L. Traeger.

Reception Given Clergyman. The reception given Rev. L. G. Stanford in the Methodist Episcopal Church parlor was well attended. The program was arranged by the members of the Epworth League. Miss Yella Ledwith, as chairman, introduced the different performers, who were Carl Florin, soloist; Mrs. J. Lindsey, elcutionist. The Epworth League choir sang a song and a recitation was given by Dight Stanford. The Rev. L. G. Stanford gave a short speech and so did his father. Both speeches were well received. Refreshments of punch and dainty cakes were served.

Mrs. Holm has left for the south where she will join her husband, Captain H. Holm, who is now able to attend to his duties after his recent illness.

Mrs. Confaglia, a teacher at the Edgemont school, has been operated on for tonsillitis.

Mrs. Laggi returned last week from a trip to Torrance, where she visited her son and daughter-in-law.

The B. A. Y. will give an election dance in California Hall Saturday, November 1st. Dancing will be continued until 1 a. m. Admission fifty cents.

Mrs. L. M. Hawkins will move this week into her new home on Sylvan avenue. Mrs. Hawkins intends to continue her real estate business, and as her home is located at the Sylvan avenue car stop, there will be no difficulty for strangers from other cities to locate her.

Mr. and Mrs. Gordon and two children are leaving this week for Redwood City where they will make their future home.

E. Lanham, who was seriously hurt at the South San Francisco Steel Company a few weeks ago, was able to return to his parent's home in Belle Air Park. He is still under the care of physicians.

The services at the Methodist Episcopal Church were well attended both morning and night. Mrs. J. Mackay was the soloist at the morning service and Archie Allen, Jr., at the evening services.

LEGAL

Certificate of Partnership Transacting Business under a Fictitious Name.

KNOW ALL MEN BY THESE PRESENTS: That we, the undersigned, are co-partners transacting business under the fictitious name of "Lawrence Memorial Company"; that the principal place of the business conducted under the name of said company is located in the Town of Lawndale, in the State of California, and we do hereby certify that we are the sole and exclusive owners of the said business conducted under the said fictitious name.

That the names and residences of the co-partners are as follows: D. Tosi, residing at No. 419 Fifteenth Avenue, San Francisco, California; A. Boeci, residing at No. 419 Fifteenth Avenue, San Francisco, California.

IN WITNESS WHEREOF we have hereunto set our hands this 22nd day of September, 1924.

D. TOSI.
A. BOECI.

STATE OF CALIFORNIA, City and County of San Francisco—ss.

On this 24th day of September, in the year One Thousand Nine Hundred and Twenty-four, before me, L. P. Loveland, a Notary Public, and for the City and County of San Francisco, State of California, personally appeared D. Tosi and A. Boeci, known to me to be the same persons whose names are subscribed to the within instrument, and acknowledged that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my Official Seal, at my office in the City and County of San Francisco, State of California, the day and year in this certificate first above written.

(SEAL) L. P. LOVELAND,
Notary Public in and for the City and County of San Francisco, State of California. (General)
My commission expires December 6, 1926.

Mrs. Schmidt gave a whist party in California Hall last Monday for the benefit of St. John's Church.

Mr. Langer, a former resident of Fifth Addition, was in this city last Monday.

Mrs. Williams of San Bruno Park has returned to her home after an extended vacation at Fresno.

Mr. and Mrs. White and family have rented the home recently occupied by the McMills family on Walnut avenue.

Little Jack Mackey is recovering from an injury to his foot caused when he was struck by an automobile on the highway near his home.

Mrs. Dwyer, of Lomita Park, is suffering from an attack of influenza.

The electric sign which has been installed in front of Bertozzi's Bakery and restaurant is a decided improvement.

GIVEN SURPRISE PARTY. A surprise party was given to Mrs. T. Gose of Belle Air Park by Mrs. O. Lee at her home on Crystal Springs avenue, Wednesday afternoon. The following were present: Mrs. T. Gose, Mrs. D. Maede, Mrs. William Weddell, Mrs. J. McCain. The hostess served a luncheon and several musical numbers greatly added to the enjoyment of the occasion.

The Stroller Concert Company, under the direction of F. G. Nodder, will give an entertainment in the N. D. Hall Saturday evening, November 1. Admission will be twenty-five cents. The proceeds will go for the benefit of the fire company. A large attendance is expected.

Through the efforts of one of our prominent and hard working citizens, Mrs. L. M. Hawkins, San Bruno has had two more lights placed at the Southern Pacific depot.

The Civic League of San Bruno, working for the good of the people of San Bruno, had a new shelter station erected by the United Railroads at Euclid avenue.

Traffic in Hamburg, Germany, has become such a problem that the chief of police recently went to London to learn how it was handled there.

Hall's Catarrh Medicine will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh.

Sold by druggists for over 40 years.

F. J. CHENEY & CO., Toledo, Ohio

Mr. and Mrs. H. E. La Mar and family have taken a home on Green street, Peck's Subdivision. H. E. La Mar is employed by the Pacific Sheet Steel Corporation.

PENINSULANS TO BOOST HIGHWAY

(Continued from page 1)

not been sold on this program. It is up to you to overcome the opposition from Southern California and sell this program to the committee of nine," he said.

"Should you fail to convince the committee of nine, then you must organize to carry the fight to the legislature."

Mr. Toy declared that he believed it the state's duty to care for the most important roads of the system, and that he considered no road in the state more important than the Bay Shore highway designed to relieve the tremendous congestion on the present peninsula highway.

Mr. Andrews read the list of roads proposed for construction in the program adopted by the highway commission and endorsed by leading civic organizations of San Francisco and by the supervisors of the eleven bay counties.

Eleven Counties United
"You have," he said, "eleven boards of county supervisors united in backing this program; you have the full vote of the legislators in the eleven counties pledged to support this program; these are unusually favorable conditions under which to proceed to get what you are after. You can get it by fighting hard enough, but you must fight." He called attention to the fact that four of the proposed roads included in the program are within the peninsula communities.

List of Proposed Roads
The road program referred to follows:
1. Construction of Bayshore highway from the intersection of Potrero and San Bruno avenues and Army street to San Jose.
2. (a) Paving of Skyline boulevard; (b) extension of Skyline boulevard from Woodwardia to Watsonville.
3. Extension of Junipero Serra boulevard, using the Ocean Shore railway right of way to connect with the present highway back of the cemeteries.
4. Construction of road and approaches on both east and west side of bay leading to the proposed Dumbarton bridge near Redwood City.

5. (a) Construction of road from Alta to San Rafael to connect with present state highway now constructed from Tiburon to Alta; (b) construction of road from Point San Quentin to San Rafael.
6. Completion of paving Black Point cutoff from Fairville to Napa-Sonoma county line.
7. Construction of a cutoff commencing at about Shellville and running easterly and connecting with the Vallejo-Napa highway at or about Jameson canyon.
8. Widening and straightening Marin county highway from Sausalito ad improvement of the Corte Madera grade.
9. Proposed cutoff (Saratoga Gap) to Boulder Creek running near California Redwood Park.
10. Paving highway from Schellville north through Sonoma to Belknap.
11. Tunnel road from proposed Antioch bridge to Oakland (Victory highway).
Highway Billboards Opposed

The list of committee reports called for was headed by the one from the highway beautification group. It was reported that highway billboards were under the dis-

approval of the committee, "as no one factor is so destructive of the great scenic asset of the state as unsightly billboards." The committee reported that a more positive plan for beautification would be submitted later.

In discussion of this subject the "hot dog" stands and "broken down garages" that line along the highway were strongly condemned. It was also suggested that the San Mateo county supervisors be impounded to repeal an old ordinance that permits the telephone company to trim the tops of trees that exceed a certain height.

The report from the water committee, which also promised a more extended report later, stated that the water situation on the peninsula is bound up with the Hetch Hetchy project of San Francisco.

The transportation committee reported that an important meeting on this detail is to be held in San Francisco next week, at which the federation representatives will be present.

The hotel committee reported that a hotel survey was proposed for the peninsula. Controller A. E. Roth of Stanford University reported that an option for a lease on the Stanford campus on a hill site near the Lathrop residence had been given for a tourist hotel with golf course.

Daniel C. Imboden submitted his resignation as chairman of the terminal rates committee. The appointment of C. D. Marx as chairman of the highways committee, succeeding J. H. Stubbs, was announced.

By-Laws Added
The following additions to the by-laws were adopted:

On Voting—Any vote taken by the federation is considered final as far as the federation is concerned, but is not binding on any member organization unless ratified by such member.

On Publicity—Any publicity given out concerning the action of the federation, unless such action is unanimous, shall carry

with it a report of how the members voted.
On Endorsements—It shall be the policy of the federation not to pass any resolutions endorsing any stock-selling campaign.

In conclusion of the meeting it was urged that the peninsula communities have large delegations at the court house in Redwood City on November 11, when the governor's committee of nine

will be caught from the air lanes and reproduced by loud speaker in front of

The Enterprise Office
219 Linden Avenue

On Next Tuesday Evening

Arrangements have been completed for the installation of a Radiola and Magnavox loudspeaker and citizens of South San Francisco are invited to be the guests of this newspaper to listen to the election returns.

The radiola and loudspeaker are to be furnished by the PENINSULA DRUG COMPANY

ASTOUND SCIENTIFIC WORLD

Through a New Scientific Discovery the Vital Glands May Be Assisted in Their Work of Supplying the Energizing Glandular Secretions Which Are So Necessary to Life and Health

Thousands of Men and Women Are Now Taking Glandogen to Help Regain Normal Health, Vigor and Strength

Wonders have been worked in the rejuvenation of youth and vigor by glandular treatment in one of California's State Institutions. This "Scientific Magic" has been performed by the head physician and surgeon who reports success in 90 per cent of 1,000 cases treated.

Probably the most remarkable instance is the case of a 73-year-old man who displayed the athletic prowess of a youth of 20 by running a 50-yard race in 6 seconds.

EMINENT SCIENTISTS AND PHYSICIANS REVEAL AMAZING FACTS ABOUT GLANDS

At a recent medical convention in Chicago, Dr. Roy Upham, President of the American Institute of Homeopathy, stated that because of the intimate connection of the nervous system with the glands, many sufferers from nervous disorders were receiving remarkable benefits from glandular treatment. He further stated that this glandular treatment could be taken by mouth like any other medicine, and that an operation is not necessary.

Dr. Serge Voronoff, an international authority on Organotherapy, has said: "The brain, the nerves, the muscles, as well as the liver, the kidneys and all other organs would be incapable of playing any useful part without the aid of the glands. The function of our organs is no more than the activity of our glands, and when the bodily functioning is disturbed, the cause is most cases should be sought, not in the condition of the organ itself,

J. H. Metzler of Pittsburgh, Pa., who came here from Ashtabula, O., to work at the Pacific Sheet Steel Company, has accepted a position with the Inland Steel Company located at East Chicago. He left Tuesday for Chicago, where he will take up his new position Monday, November 3.

Mrs. S. E. Bogges of Galesburg, Ill., has been spending a week with her sister, Mrs. A. P. Beall. She leaves for Los Angeles Friday and will make that city her future home. She has been soloist and helper in the choir of a large Congregationalist church and delighted the audience last Sunday night in St. Paul's church by her beautiful solo.

Two of the three houses now under construction have been sold to men who work in the plants here and several deals for new homes are said to be pending.

Doris Carlock returned to her home in Los Angeles after having spent the past week visiting at the home of Mrs. Charles Elder.

Miss Rhoda Tibbets has recovered from an attack of tonsillitis.

Mrs. E. Dukeman, Willard and Myrtle Dukeman and Orman New motored to Memorial Park last Sunday.

Miss Rhoda Tibbets attended a masquerade ball at the Technical High School in Oakland.

Mr. and Mrs. Lee Taylor have moved to San Bruno, where they will take possession of their new bungalow.

CHEVROLET BOUGHT BY CHURCH FOR BAZAAR

Three sales of Chevrolet automobiles during the past week are reported by Edgar H. Lewis, local Chevrolet distributor.
The Rev. Father P. Georgelin, of Joan of Arc Church, 1625 Lane street, San Francisco, took delivery of a Chevrolet touring car Monday morning. The car is to be given away at a church bazaar to be staged November 21, 22 and 23.

A Chevrolet coupe was delivered Saturday to the San Francisco Finance Corporation.
Christian Bomerer, of 220 Charter Oak avenue, San Francisco, purchased a De Luxe touring car on Thursday morning last.

MSWEENEY BUILDING HOUSE

Construction of a new house for Ambrose McSweeney in the Regal tract, north of Grand avenue, was begun this week by R. C. Stickle, building contractor.

The new dwelling will contain four rooms and will be finished in stucco.

Farm laborers of Italy are refusing to go to France to work, saying that the pay of \$50 a month and board and lodging is not enough.

People of Switzerland like American-made rubber shoes, and buy more than 140,000 pairs a year.

with it a report of how the members voted.
On Endorsements—It shall be the policy of the federation not to pass any resolutions endorsing any stock-selling campaign.

In conclusion of the meeting it was urged that the peninsula communities have large delegations at the court house in Redwood City on November 11, when the governor's committee of nine

He further stated that this glandular treatment could be taken by mouth like any other medicine, and that an operation is not necessary.

but in the condition of the gland which controls it."

Dr. Arnold Lorand says in his book, "Old Age Deferred," in speaking of the glands: "We must insist upon the reinforcement of their functions. If changed by age or disease, by means of extracts obtained from the similar organs of healthy young animals."

GLANDULAR TREATMENT (GLANDOGEN) CAN NOW BE TAKEN IN CONVENIENT TABLET FORM

Hundreds of men and women are now turning to glandular treatment to help regain lost strength, vigor, vitality and health. Since Science has prepared a gland treatment in simple compact tablet form—Glandogen—it is a simple matter to take glandular treatment. Glandogen is scientifically prepared in two different forms, one for men and one for women, from the vital glands of healthy young animals, combined with other efficacious ingredients.
